Dear Joe,

Annual Report 2018/19

Thank you for your response to my Annual Report 2018/19 which I presented to the Police and Crime Panel on 24 September 2019.

I note that the Panel was grateful for the detail contained within the report which covered the full breadth of work undertaken by my office. I am also pleased that the pictorials of numerical data were well received.

As the Panel is aware partnership working in delivery of my Police and Crime Plan has been, and remains, a key focus for me and hence this was comprehensively covered within my annual report.

As requested, I am more than happy to provide the Panel with future reports on peer mentoring, commissioning outcomes, levels of anti-social behaviour and future funding announcements from central Government and the impact this may have on policing in Leicester, Leicestershire and Rutland.

Finally, I wish to thank the Panel for their support during the past year and I look forward to reporting back on the progress made against my Police and Crime Plan in the coming months.

Yours Gw,

WAB

Lord Willy Bach
Police and Crime Commissioner
