## **QUESTIONING BY MEMBERS OF OVERVIEW AND SCRUTINY**

The ability to ask good, pertinent questions lies at the heart of successful and effective scrutiny. To support members with this, a range of resources, including guides to questioning, are available via the Centre for Public Scrutiny website [www.cfps.org.uk](http://www.cfps.org.uk). The following questions have been agreed by Scrutiny members as a good starting point for developing questions:-

- Who was consulted and what were they consulted on? What is the process for and quality of the consultation?
- How have the voices of local people and frontline staff been heard?
- What does success look like?
- What is the history of the service and what will be different this time?
- What happens once the money is spent?
- If the service model is changing, has the previous service model been evaluated?
- What evaluation arrangements are in place – will there be an annual review?
