Section 1: Defining the policy

Section 1: Defining the policy

You should begin this assessment by defining and outlining the scope of this policy. You should consider the impact or likely impact of the policy in relation to all areas of equality, diversity and human rights, as outlined in Leicestershire County Council's Equality Strategy.

1	<p>What is new or changed in this policy? <i>What has changed and why?</i></p> <p>Nothing has changed. The County Council, at its meeting in February 2014, approved the Medium Term Financial Strategy (MTFS) 2014/15-2017/18, which included capital funding of £3m for the reconstruction of the Zouch Bridge.</p> <p>The Director of Corporate Resources, on 15th April 2014 was authorised to enter into negotiations with the landowners to acquire any necessary interests in land needed to construct, or for purposes ancillary or incidental to the provision of the replacement bridge.</p>																		
2	<p>Does this relate to any other policy within your department, the Council or with other partner organisations? <i>If yes, please reference the relevant policy or EHRIA. If unknown, further investigation may be required.</i></p> <p>LTP3 Local Transport Plan – adopted by the County Council in March 2011</p>																		
3	<p>Who are the people/ groups (target groups) affected and what is the intended change or outcome for them?</p> <p>The Scheme to construct a replacement bridge to the south of its present location will maintain an important element of the transport infrastructure that carries the A6006 linking Leicestershire with Nottinghamshire. Constructing the new bridge and opening it to traffic before the closure of the present structure will avoid what would otherwise be lengthy diversionary routes and meets the objectives of the LTP3 Transport Plan to promote an efficient road network for the carrying of people and goods</p>																		
4	<p>Will this policy meet the Equality Act 2010 requirements to have due regard to the need to meet any of the following aspects? (Please tick and explain how)</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 30%;"></th> <th style="width: 10%; text-align: center;">Yes</th> <th style="width: 10%; text-align: center;">No</th> <th style="width: 50%; text-align: center;">How?</th> </tr> </thead> <tbody> <tr> <td>Eliminate unlawful discrimination, harassment and victimisation</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td></td> </tr> <tr> <td>Advance equality of opportunity between different groups</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td></td> </tr> <tr> <td>Foster good relations between different groups</td> <td style="text-align: center;">N/A</td> <td style="text-align: center;">N/A</td> <td></td> </tr> </tbody> </table>				Yes	No	How? This part of the assessment will help you to think thoroughly about the impact of this policy and to critically examine whether it is likely to have a positive or negative impact on different groups within our diverse community. It is also to identify any barriers that may detrimentally affect under-represented communities or groups, who may be disadvantaged by the way in which we carry out our business.

Using the information gathered either within the EHRIA Screening or independently of this process, this EHRIA Report should be used to consider the impact or likely impact of the policy in relation to all areas of equality, diversity and human rights as outlined in Leicestershire County Council's Equality Strategy.

Section 3

A: Research and Consultation

When considering the target groups it is important to think about whether new data needs to be collected or whether there is any existing research that can be utilised.

 - b) likely impacts (positive and negative, intended and unintended) to individuals and community groups (including human rights);
 - c) likely barriers that individuals and community groups may face (including human rights)

- 16.** Is any further research, data collection or evidence required to fill any gaps in your understanding of the potential or known affects of the policy on target groups?

When considering who is affected by this proposed policy, it is important to think about consulting with and involving a range of service users, staff or other stakeholders who may be affected as part of the proposal.

17. Based on the gaps identified either in the EHRIA Screening or independently of this process, how have you further consulted with those affected on the likely impact and what does this consultation tell you about each of the diverse groups?
