

**Cabinet – 19<sup>th</sup> April 2016**

**Comments from the Geoff Welsh on the  
Objection to the Enderby Road Traffic Regulation Order**

I would like to join the Blaby Parish Council in objecting to this Traffic Regulation order.

What this TRO will do is create another set of double yellow lines, forcing residents to park elsewhere. In this case, the parking appears to be mainly used by residents who live nearby because this is the closest they can currently park to their home. I do not think this is fair on them.

I also question the broader strategy of this approach. Every time the County Council creates a new set of double yellow lines, parking is merely displaced to another area, causing a brand new problem.

We need take a more holistic view on parking, with full consideration of where we *do* want our residents to park, as well as where we don't. Otherwise we may find these piecemeal efforts to be akin to chasing our own tail.

Geoff Welsh

Member for Blaby and Glen Parva
