Outcomes	Overall Progress RAG	Overall Comment	Supporting Indicators	Previous Year (2014-15)	Latest Data (2015 -16)	Current Direction of Travel	Progress	County Comparison	District Comparison
Ongoing reductions in crime	A	Domestic Burglary saw a significant increase from January to March. Vehicle crime has seen continued increases compared to last year although there has been a slight decrease over the last 3 months. Other crime types have seen no significant change across the County as a whole.	Total Crime rate (per 1,000 population)	45.79	47.21	→	A	Top	
			Domestic Burglary rate (per 1,000 population)	3.10	3.53	↓	R	Average	
			Vehicle Crime rate (per 1,000 population)	6.35	7.07	↓	R	Bottom	
			Violence with Injury rate (per 1,000 population)	3.39	2.95	→	G	Top	
Reduce offending and re-offending, with a particular focus on earlier intervention with families that need the most support	G	Reduction in offending by IOM and PPO offenders is greater than the reduction for the previous years cohort. First Time Entrants have reduced further below last year's lowest level since the baseline year of 2005. The rate of re-offending by young offenders has continued to decrease following a significant increase in 2014/15.	% Reduction in offending by IOM & PPO Offenders	38.9% <small>(2013-14)</small>	56.1% <small>(2014-15)</small>		G	-	
			Rate of re-offending by young offenders (local data)	1.25 <small>(2014-15)</small>	0.62 <small>(Apr-Dec 2015)</small>	↑	G	-	
			Number of first time entrants to the criminal justice system aged 10 - 17	190	124	↑	G	Top	
Protect and support the most vulnerable in communities, particularly previous and repeat victims of crime and those affected by domestic abuse.	G	Referrals to MARAC continue an upward trend and the % of repeat referrals remains in line with the England average. The number of Referrals to support services for 2015-16 is an estimate based on incomplete data. New single LLR domestic abuse and sexual violence support service commenced 1st December. Capacity and performance of the service will be reviewed in May after 4 months operation.	% of domestic violence cases reviewed at MARAC that are repeat incidents	29.2%	27.0%	→	G	Average	
			Number of referrals to domestic abuse support services (adults)	1,264	1,400 <small>(estimate)</small>			-	
Continue to reduce anti-social behaviour, particularly in those areas with the highest levels of incidents with a particular emphasis on information sharing and effective partnership response.	G	Community Based Survey data shows fewer people report they have been a victim of ASB and a larger proportion feel that partnership work is addressing local issues. The ASB approach in the County is to be reviewed over the coming year.	% of people stating that they have been a victim of anti-social behaviour in the past year	5.3%	5.4%	→	G	-	
			% of people stating that they feel that the police and other local public services are successfully dealing with ASB and crime in their local area	86.1%	92.7%	↑	G	-	
Prevent people from being drawn into terrorism with a particular focus on working in partnership to reduce the risk of radicalisation	A	Appropriate measures for this priority are being considered. Reported hate incidents and offences to the police and Hate Incident Project have reduced.	Reported hate incidents (per 1,000 population)	0.68	0.58	↓	R	-
