

Leicestershire and Rutland Safeguarding Adults Board Business Development Plan 2019-20

DRAFT

Priority: SAB1 Effective Multi-Agency meetings / Effective Support Pathways (Joint with Leicester SAB)

Priority Statement: Multi-agency meetings regarding vulnerable adults are effective in supporting safeguarding adults and prevention of safeguarding need

Rationale:

- Lack of clear structure to support practitioners working with adults at risk that do not meet thresholds for Vulnerable Adult Risk Management process (VARM) or safeguarding.
- Practitioners outside of specialised teams are not confident and fully aware of mechanisms available to support them in working with at risk adults outside of VARM/Safeguarding and lack confidence in:
 - Recognising safeguarding need
 - Knowing what appropriate responses are when the threshold for safeguarding is not met.
 - Knowing their responsibilities in relation to MSP/VARM/Multi-agency processes
- Multi-agency meetings regarding adults at risk are not functioning effectively: gaps in attendance; a lack of presence of the voice of the service user or of advocacy; lack of evidence of risk.
- Lack of formal structure to carry out Multi-agency meetings relating to adults at risk.
- Lack of awareness amongst multi-agency practitioners of JAGs and how to access.

What do we want to be different?

Practitioners are more confident regarding risk assessment and working in partnership to safeguard adults.
 Multi-agency meetings are effective: Relevant partners and service users contribute; Risks are clearly identified incorporating information from a variety of agencies and the individuals; Clear outcomes and actions are identified and followed up.
 Clear guidance and structure for multi-agency working beyond safeguarding enquiries and VARM is in place.

Priority: SAB2 Mental Capacity

Priority Statement: Be assured that people without capacity to consent are being safeguarded

Rationale:

- *The SAB is developing guidance to support practitioners to assess and respond to capacity to consent appropriately and consistently*
- *The SAB needs ongoing assurance that people without capacity to consent are being safeguarded, including a large cohort of people without capacity, who that are not subject to Deprivation of Liberty Safeguards.*
- *The Draft MCA amendment Bill outlines plans to replace DoLS with Liberty Protection Safeguards. The MCA amendments Bill is currently passing through parliament and could receive royal assent in April 2019. The move to LPS will result in significant changes to how we work locally to safeguard individuals who lack capacity to consent to care and treatment that amounts to a deprivation of liberty.*

What do we want to be different?

- *Be assured that people without capacity to consent are being safeguarded*
- *Support an effective change to LPS locally that safeguards people who do not have capacity to consent.*

Partnership Lead: *Health - tbc*

Priority: SAB3 Adult Exploitation

Priority Statement: Improving the recognition and partnership response to 'adult exploitation'

Rationale:

- There is a notable growth in cases of multiple vulnerable adults being exploited in the community by individuals or groups. This can include, but is not restricted to criminal, sexual and financial exploitation.
- Often a number of partnership approaches are aware of these people, and there may be multiple ways to take these forward, but these are not always well co-ordinated.
- These issues can be hidden as recent cases suggest that people who are exploited are often socially isolated.
- The public and practitioners are not always aware of indicators of adult exploitation.

What do we want to be different?

Practitioners are confident in identifying and responding to adult exploitation

The public are more aware of how to identify adult exploitation and inform public agencies of concerns they have so these can be identified and responded to earlier.

There is a clear route for involving agencies in a multi-agency approach to adult exploitation cases when it does not meet safeguarding thresholds

Partnership Lead: Police – TBC

Board Officer: *to be allocated*

Key delivery mechanism:

Objective	What are we going to do?	When is it going to be done by?	Who is responsible?	How will we measure progress and impact?

Priority: SAB4 Transitions (Joint with Leicester SAB)

Priority Statement: Prevention of Safeguarding need through building resilience and self-awareness in adults with care and support needs.

Rationale:

- Effective transition from children’s services, such as Looked After Children, Children on Child Protection Plans, and those affected by CSE, may support prevention of adult safeguarding need.
- RiPFA (Research in Practice for Adults) has recently published a strategic briefing outlining learning and challenges regarding safeguarding adults and transitions.

What do we want to be different?

The Board is assured that work with young people who have been assessed as requiring additional support to reduce risk and vulnerability (including LAC, CIN, CP, CSE) assists prevention of adult safeguarding need.
