Main Activities during the past year:

During the past year I have been involved in many local campaigns in my area. In the area of Health I successfully campaigned with local residents to save the Hinckley Ambulance Station which was threatened with closure. I have also campaigned with local transport groups to maintain local bus services. I have worked closely with the local tenant group in my County Division “Together for Tenants”, representing local tenants concerns.

I am involved in the campaign to save the “Big Pit” a natural wildlife feature at threat of development near Ashby Road, Hinckley.

I have campaigned to keep funding going to Worklink a group in Hinckley which provides on the job training for people with learning difficulties and other health problems to help give them essential work skills.

Priorities for the immediate future are:

I will continue to work all year round for residents in Hinckley campaigning on those issues of concern to them. Whether this is maintaining local bus services, community organisations like Worklink and other important local services. I am always available to help local people with issues big and small.
