Our progress to date

CQC re-inspection report (9th August 2019)

Unannounced inspection in June 2019 to follow up on enforcement action issued after the last core service inspection dated November 2018

Key identified improvements;

- Significant improvement has been made to the environments at most wards.
- There were improvements in ligature risk assessments.
- Improvement in recording patient's physical healthcare, monitored patients with ongoing physical healthcare problems, and maintained privacy and dignity.
- Improved medicines management, this includes the labelling, disposal, reconciliation and ward level audit.
- Some improvements addressing no smoking policy at the Bradgate Mental Health Unit.
- Fire safety is much improved.
- Some improvement in seclusion documentation and new paperwork introduced.
- Significantly reduced waiting times for children and young people waiting for assessment.

Our progress to date

Actions still to do

- Further improvement to environments at Bradgate Mental Health Unit needed.
- Pharmacy oversight in medicines management needs strengthening.
- Quality of recording seclusion requires further improvement.
- Waiting list of children and young people waiting for treatment has increased. Demand for neurodevelopment assessment remains high.
