Violence Reduction Network

Leicester, Leicestershire and Rutland

Violence Reduction

What is the Violence Reduction Network?

- > LLR's version of a Violence Reduction Unit
- ➤ Based on the partnerships already in place and the extensive work already underway
- It includes a small central team responsible for arriving at a more comprehensive understanding of the problem and the development and implementation of a LLR Violence Prevention Strategy

Vision and Mission

Our **vision** is for Leicester, Leicestershire and Rutland to be a place where all people, families and communities are safe, healthy and free of violence.

Our **mission** is to achieve "prevention through connection" by building an inclusive, collaborative and courageous network which will drive the short and long-term system-change required to successfully tackle the causes of violence across the life-course.

Scope

> The VRN has adopted the WHO definition of violence:

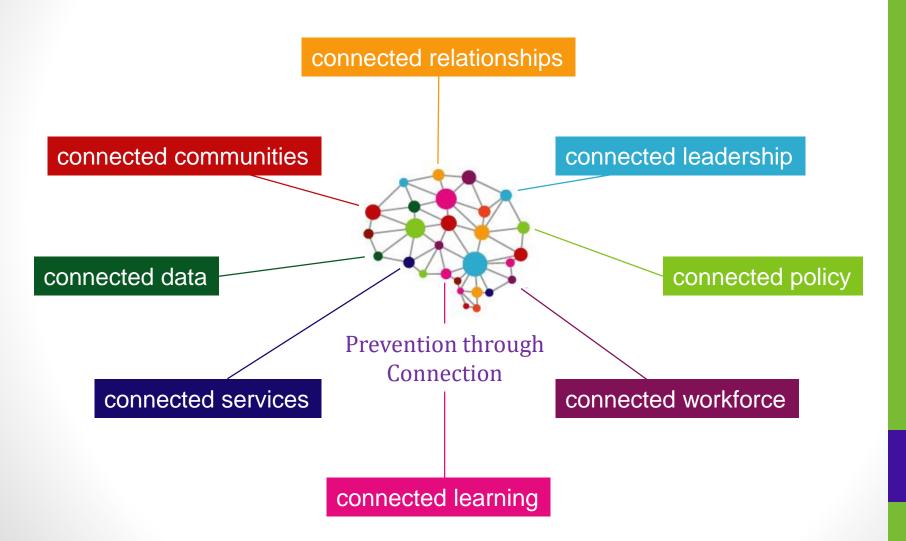

"The intentional use of physical force or power, threatened or actual, against oneself, another person, or against a group or community, that either results in or has a high likelihood of resulting in injury, death, psychological harm, maldevelopment, or deprivation."

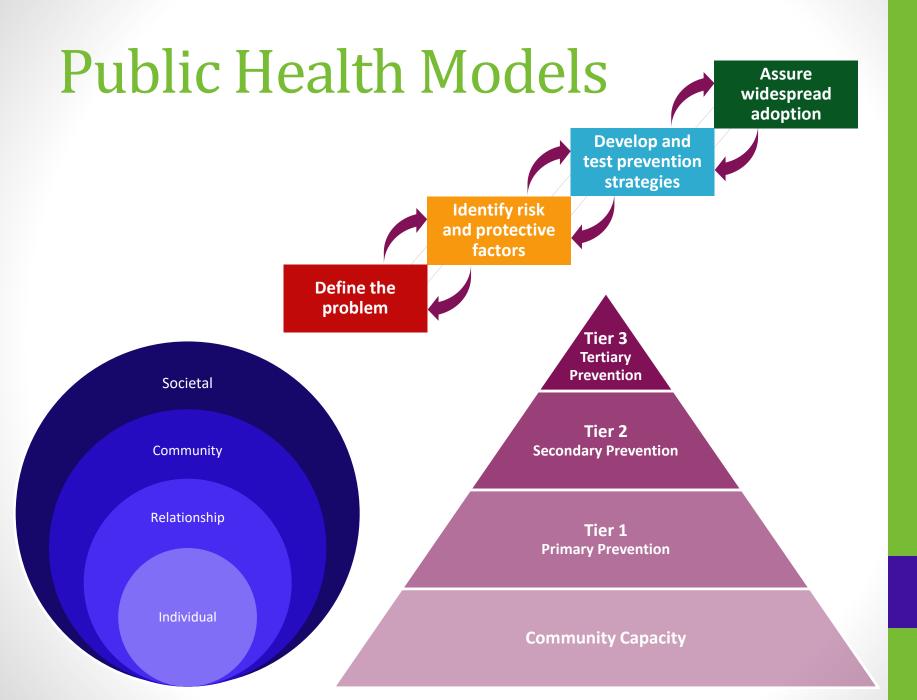

- ➤ <u>Initial</u> focus will be on youth violence (up to age 25) in public spaces and in particular serious youth violence involving weapons.
- ➤ However, research suggests opportunities for prevention will be missed if we only focus on one particular form of violence.

Home Office Expectations

- Adopt a 'public health approach'
- Mandatory Products
 - A Strategic Needs Assessment; the 'problem profile'.
 - A Response Strategy.
- Success Measures
 - A reduction in hospital admissions for assaults with a knife or sharp object and especially among those victims aged under 25,
 - A reduction in knife-enabled serious violence and especially among those victims aged under 25,
 - A reduction in all non-domestic homicides and especially among those victims aged under 25 involving knives.
- ➤ 20% of funding to be spent on interventions
- > Participation in an evaluation

Our Approach

The VRN Programme

- Direct governance is through the VRN Programme Board which has a direct line into SPB
- The Programme has 9 inter-related projects:

1. Leadership & Governance	2. VRN Development	3. Community Engagement
4. Service Mapping	5. Analysis & Evaluation	6. Service Design & Implementation
7. Workforce Development	8. Communication & Campaigns	9. Policy Integration

Progress Update

- > Establishing the programme
- Designing vision, brand and our communications strategy
- > Establishing the central team
- Home Office visit
- Concluding service mapping
- Scoping a Serious Violence JSNA
- Collating the evidence into an 'effectiveness model' for health checks
- Commencing the ISA work in preparation for data collation
- > Testing new services

CSPs and the VRN

- CSPs are already in the business of preventing and reducing violence
- Opportunity to mobilise now for the new Serious Violence Public Health Duty
- ➤ Small working group to articulate the relationship between CSPs and the VRN?
