Budget includes an estimated HNB drawdown of £5.6m as the planned in year oversp	bend.	
Special Educational Needs	2,594	4%
The SEND Capital Programme is developing new resource bases with the aim of red expensive independent sector places. A number of these bases have recently taken the students. The increase in demand however has resulted in these places being filled we opposed to having the desired impact on existing numbers. Due to set-up costs the figure won't be seen until future years. Savings against budget have been mad areas for the current year, but the increased school population and increased demand exceeding these savings. Additionally, the final choice of place often isn't made until the exam results in August and is not known at the time of budget setting.	ucing the relia heir first coho vith new dema ull effect of the e in certain pro d for support is	nce on rt of nd as e ovision s far

As forecasted and previously reported throughout the majority of 2019/20, there is a SEN transport. This is largely due to continuing growth in demand of users on the pr solo contracts and greater complexity of transport provision to meet passengers' nee increase in the daily cost of users. The cost per day of providing SEN transport rose after budgets were set for 2019/20, and these factors further increased the variance to the set for 2019/20.	significant over evious year, in ds resulting in rapidly during 2	creased an average 2018/19
Detailed analysis shows that whilst the proportion of leavers from the service has rem consistent, the number of new entrants to the service is rising significantly - a trend w the number of students with EHCPs and demand on the High Needs Block.		•
The savings associated with the SEN Policy change were not achieved and an increat (estimated £400k) resulted due in part to the financial impact of the decision to pause change which resulted in an approximately 285 post 16-18 pupils being awarded tract 2019 and the additional cost of contracting transport for these students after the transpert completed leading to less efficient transport planning.	e the SEN Post litional transpo	t 16 Policy rt in July

Corporate Resources

The Department has a net overspend of £0.5m (1.3%). The main variances are:

	£000	% of Budget
Commercial Services	2,626	-97%
Continuing challenges from a 2018/19 outturn overspend of £0.4m, pay inflation of £0.8m (incorporating the impact of the National Living Wage) and the 2019/20 savings target of £0.5m meant that 2019/20 was a tough trading year for Commercial Services. Challenging market conditions, the need for staff reviews across several services, staff absences and the impact of Covid-19 have all provided further challenges. Overall the service was just in surplus, returning a net contribution of £74,000 compared with a budgeted contribution of £2.7m.		
Major Improvements Work	190	8%
Overspend significantly due to investment in large programmed schemes aimed at reducing ongoing costs through proactively targeting work at buildings/blocks which required frequent reactive maintenance work.		

Customer Service Centre	166	8%
The Customer Service Centre is facing increased pressures and has only achieved	previous years s	avings
target as a result of one off savings from attrition. In order to maintain service levels,	the business ha	s agreed
to over recruit by ten posts to ensure attrition is covered. Additionally, Customer Service	vice assistants h	ave
recently had their posts regraded, increasing expenditure by £70k per annum. Additi	onal workloads v	vere also

County Hall & Locality Offices	162	6%
There is considerable pressure on premises related spend for council offices through	nout the county.	There are
increased security, cleaning, lower income than expected and energy efficiency sche	emes being imple	emented
later than budgeted for. Covid-19 has also had an impact e.g. signage, cleaning and	sanitary measu	es.
Libraries & Community Premises Costs	137	13%
Relates to the rates bill (£109k) for the Industrial Heritage Museum "Snibston" which	is subject to a ra	ating
appeal but has not progressed enough to have reasonable certainty to accrue possib	ble repayment.	Also
additional security costs at the Snibston site £40k.		
Vacant Properties	84	54%
Overspend due to significant costs related to securing properties.		
Information & Technology	-1,057	-11%
The Information & Technology Service have carried some vacancies since last finan	cial year awaitin	g an
Action Plan to review middle management of the service. The action plan is now con	npleted, and pos	ts are
starting to be filled, but some vacancies still exist, resulting in underspends across th	ne service.	
Insurance	-710	-18%
Early achievement of MTFS savings in relation to contributions to liabilities. Earmark	ed funds held ar	e at an
appropriate level and the service are able to bring forward this saving which would s		
earmarked funds reduce from £1.1m to £0.8m. In addition, it has been possible to re	duce the uninsu	red losses
