1	Pens	If the Pension Fund fails to hold all pensioner data correctly, including Guaranteed Minimum Pension (GMP) data, individual member's annual Pensions Increase results could be wrong.	From 2018 the pensions section has had responsibility for GMPs creating the need to ensure that this is accounted for in the pensions increases	Overpaying pensions (i.e. for GMP cases pension increases are lower) Reputation	Ian Howe	Checking of HMRC GMP data to identify any discrepancies. Internal Audit run an annual Pensions Increase result test and provide an annual report of findings	3	3	9	Treat	Officers run the HMRC GMP check on a case by case basis and input the results into member records at retirement	2	1	3	Ian Howe
2	Pens	If the pensions fund fails to receive accurate and timely data from employers, scheme members pension benefits could be incorrect or late This includes data at year-end	A continuing increase in Fund employers is causing administrative pressure in the Pension Section. This is in terms of receiving accurate and timely data from these new employers who have little or no pension knowledge and employers that change payroll systems so require new reporting processes	Late or inaccurate pension benefits to scheme members Reputation Increased appeals Greater administrative time being spent on individual calculations Failure to meet statutory year-end requirements	Ian Howe	Training provided for new employers Guidance notes provided for employers Amended SLA and communication and administration guide distributed to employers making IConnect a statutory requirement by 31/3/2022) Year-end specifications provided	3	3	9	Treat	Implement IConnect with the remaining employers so they provide monthly data in a secure and timely manner Inform the Local Pension Board each quarter on progress made	3	2	6	Ian Howe

9	Invs	Employer and employee contributions are not paid accurately and on time	Error on the part of the scheme employer CV19 may reduce some employer's income so they are unable to make payment	Potentially reportable to The Pensions Regulator as late payment is a breach of The Pensions Act.	Ian Howe	Receipt of contributions is monitored, and late payments are chased quickly. Communication with large commercial employers with a view to early view of funding issues.	2	4	8	Treat	Late payers will be reminded of their legal responsibilities.	2	3	6	Declan Keegan
10	Invs	Assets held by the Fund are ultimately insufficient to pay benefits due to individual members	Ineffective setting of employer contribution rates over many consecutive actuarial valuations	Significant financial impact on scheme employers due to the need for large increases in employer contribution rates.	Chris Tambini	Input into actuarial valuation, including ensuring that actuarial assumptions are reasonable and the manner in which employer contribution rates are set does not bring imprudent future financial risk	5	2	10	Treat	Actuarial assumptions need to include an element of prudence, and Officers need to understand the long-term impact and risks involved with taking short-term views to artificially manage employer contribution rates. The 2019 valuation assessed the contribution rates with a view to calculating monetary contributions alongside employer percentages of salaries where appropriate. Regular review of market conditions and dialogue with the schemes biggest employers with respect to the direction of future rates. 13	Invs	Market returns are acceptable, but the performance achieved by the Fund is below reasonable expectations	Poor performance of individual managers including LGPS Central, or poor asset allocation policy.	Opportunity cost in terms of lost investment returns, which is possible even if actual returns are higher than those allowed for within the actuarial valuation. Lower returns will ultimately lead to higher employer contribution rates than would otherwise have been the case	Chris Tambini	Ensuring that the causes of underperformance are understood and acted on where appropriate Shareholders' Forum, Joint Committee and Practitioners' Advisory Forum will provide significant influence in the event of issues arising. Appraisal of each LGPS Central investment product before a commitment to transition is made	3	3	9	Treat	After careful consideration, take decisive action where this is deemed appropriate. It should be recognised that some managers have a style-bias and that poorer relative performance will occur. Decisions regarding manager termination to consider multiple factors including performance versus mandate and reason for original inclusion. The set-up of LGPS Central is likely to be the most difficult phase. The Fund will continue to monitor closely how the company evolves Programme of LGPS Central internal audit activity, which has been designed in collaboration with the audit functions of the partner funds	2	2	4	Bhulesh Kachra
