

Kamal S Ghattoraya

County Councillor for Oadby Division

Annual Report 2021/22

Email: fulasingh@googlemail.com

Oadby Borough Council consists of population of circa 23,849

Activities

I was elected in May 2021 during the height of the Covid-19 Pandemic. This provided some challenges due to 'Lockdowns' and the general heightened reluctance for activities being out and about and mingling with constituents these were still held online and in 'virtual' forums.

I continue to be an active member of all the Committee Meetings:

- LLR Combined Fire Authority
- Health Overview and Scrutiny Committee
- County Council

Having lived in Oadby for a number of years I am well known by my community, I am regularly approached by constituents on my daily walks, in social settings and a large part via the internet.

Following my election I was awarded funds from the Member Highway Funds to the value of £25,000 which I have used for the following areas:

1. Motor Vehicle Activated Sign (MVAS) for Manor Road, Oadby
2. Street Bin; Florence Wragg Way, Oadby
3. Public Seating Bench; Florence Wragg Way, Oadby
4. Bollards outside Brookside Primary School, Oadby
5. Tarmac resurfacing to create a proper pedestrian walkway from Woodfield Road to Upland Park, a shortcut used to access the school, and elderly people making it particularly easy for the disabled to use via mobility scooters.

My progress has been limited as unfortunately, I have been affected by some serious health issues since my election; I suffered from Covid-19 (like many others) however this led to a mini-stroke and I am still under ongoing investigations.

However I continue to be passionate about my role and continue to engage with the residents of Oadby each and every day. Now that there is some normality returning to our lives I am keen to continue my role and making a difference by listening to the concerns of the residents of Oadby.
