

## **County Councillor Annual Report 2021/22**

This report summarises the activities of the following member of the County Council during 2021/22

**Name of Councillor** Leon Hadji-Nikolaou

**Division Represented** Rothley and Mountsorrel

### **Electoral Division activities**

#### **Main Activities and the impact during the past year:**

My main activities revolved around supporting the communities in my division. I have attended most of the Parish Council meetings in Rothley and Mountsorrel and I have worked close with the Parish councillors. My major focus was on ensuring that our children attend the local schools or the schools of their choice. Although there were not many of these cases, I had a 100% success, which was a great reward. My second focus was on highways matters, especially speed and road and pavement maintenance. Although the Highways dept respond quite promptly, the effectiveness is not that great.

I have not achieved much about the bus service, since it appears to be in the hands of private companies who change routes and cancel services at random.

#### **Community Leadership Role**

I have supported the formation of the 'Small Business Support Group' which is led by Liz Robson (Rothley Vineyards)

I have been supporting the Soar Valley Food Bank for many years

**Engagement with the Council, other statutory bodies and public utility companies (Water, Gas etc) about services in the area**

I have attended most of the Council meetings and the meeting of the committees I am a member (Children and families and development control). More recently I was placed in the adults and communities committee

**Priorities for the immediate future are:**

My major aim is to support and progress the adult social services in Leicestershire. I hope that I will develop the skills and insight so that I could chair this committee in the future.
