31	Average LoS (days)
21	Average LoS (days)
	the second set (down)

Please briefly describe the support you are providing to people for less complex discharges that do not require formal reablement or rehabilitation - e.g. social support from the voluntary sector, biltz cleans. You should also include an estimate of the number of people who will receive
this type of service during the year.
For 24-25 the housing enablement team will provide approx 434 patients on low level housing related support to enable a speedier and safer discharge from UHL and LPT. Approx 129 people will be supported with low level housing needs from Mental Health bedded facilities. The RVS will
continue to provide support to P0 patients. The Royal voluntary service will support approx 1067 patients leaving hospital on P0 annually. Care co-ordinators will support with approx 3095 people leaving hospital with low level needs on pathway 0.

	Refreshed planned capacity (not including spot purchased capacity									Capacity that you expect to secure through spot purchasing
