Part 4F - Financial Procedure Rules

RULE 1

Application of Rules

- (a) These Rules set out the main financial management requirements of the County Council. They state what these are and who is responsible for preparing, authorising and acting on them. The Rules apply to the Executive and Committees and to officers of the County Council. They also apply to any person acting on behalf of the County Council. Amendments to the Rules will be made by the County Council on the recommendations of the Corporate Governance Committee.
- (b) The Executive shall make arrangements for the proper administration of the financial affairs delegated to it. The County Council or Corporate Governance Committee on its behalf, may make, amend or revoke the Standard Financial Instructions and the Executive will be responsible for ensuring that they are followed. The Standard Financial Instructions will be proposed by the Chief Financial Officer and will not form part of these Rules. The Standard Financial Instructions will cover the more detailed procedures required for the control of capital programme and revenue budgets, contracts, ordering, payments, imprest accounts, stocks and assets, income collection, banking, insurance and unofficial funds.
- (c) Where Special Rules are produced, on for example local management of schools, the financial arrangements should follow the requirements of those Special Rules and the Standard Financial Instructions.

RULE 2

Responsibility of the Chief Financial Officer

- (a) The Chief Financial Officer is responsible for the proper administration of the County Council's financial affairs under the requirements of Section 151 of the Local Government Act 1972 and Section 114 of the Local Government Finance Act 1988.
- (b) Having informed both the Executive and Corporate Governance Committee, the Chief Financial Officer will report to the full County Council if in his or her opinion any significant failure in the proper administration of the Council's affairs is occurring.
- (c) To fulfil their statutory duty the Chief Financial Officer may issue Accounting Instructions to complement these Rules and the Standard Financial Instructions.
- (d) The Chief Financial Officer will be responsible for the provision of corporate budgeting and accounting systems, including the establishment of reserves and provisions.

- (e) The Chief Financial Officer will provide guidance on the control of the delegation of budgets by chief officers.
- (f) In monitoring the application of these Rules and the Standard Financial Instructions, the Chief Financial Officer will identify (and propose) any amendments to them which would enable the County Council to take advantage of developments in electronic methods, provided that any such amendments would retain a degree of security which is similar to that provided by traditional paper-based systems.

RULE 3
Responsibility of chief officers

- (a) Chief officers of departments are responsible for the management of the resources made available to them by the County Council to achieve its objectives and to meet the Annual Plan. When doing this they must act in accordance with these Rules and Standard Financial Instructions. They should also follow any financial requirements laid down in the Contract Procedure Rules and the General Scheme of Delegation to Heads of Departments. Where responsibilities for management of resources are delegated, the chief officer should ensure that the authorised person is familiar with these Rules, the Contract Procedure Rules, the General Scheme of Delegation to Heads of Departments and the Standard Financial Instructions.
- (b) Chief officers should also make authorised persons aware of financial requirements contained in Acts and associated Parliamentary directives specific to the services for which they are responsible.
- (c) The chief officer when deciding to delegate authority to a representative should consider the duties of that representative in relation to the level of delegated authority. They may choose to place financial limits on the authorisation levels allowed.
- (d) Chief officers shall consult and take into account financial advice given by the Chief Financial Officer including guidance on delegation of budgets. They will also be responsible for providing financial information when requested by the Chief Financial Officer.
- (e) Chief officers should ensure that corporate guidance is followed with respect to the governance and financial aspects of partnerships.
- (f) Chief officers must ensure that a financial control framework is in place for the operation of key partnerships.

RULE 4***Application to subsidiary accounts***

In this the chief officer will be required to set out the need for the change and the resources implications. They will also be required to state whether the change is likely to involve a Key Decision. The expected financial implications should include both part year and full year effects. In addition, if material changes are expected to occur in the longer term a financial assessment of these should be included. If necessary, the statutory authority to incur expenditure or raise income should also be included.

RULE 6***Changes in expenditure levels***

The Executive will consider these. The Executive's proposals to the County Council will be subject to consultation with the Scrutiny Commission.
- (b) Inclusion of projects in a capital programme shall not override any requirement to obtain approval to new policies or changes in policies.

Where the Executive submits proposals to the full County Council, these will be subject to consultation with the Scrutiny Commission.

Standard Financial Instructions

(made under Rule 1(b) of the Financial Procedure Rules)

INSTRUCTION 1

Capital - expenditure in excess of approved amount

- (a) Where a specific approval given in the capital programme is likely to be exceeded the appropriate Chief Officer will consult with the Chief Financial Officer.
- (b) The Chief Financial Officer may approve increases in expenditure where compensating savings are being made or funding is available and there is no change in policy. In any particular instance, the Chief Financial Officer may decline to give approval and instead refer the proposal to the Executive. No additional expenditure should be committed prior to the appropriate approval.

INSTRUCTION 2

Changes to the Capital Programme

The Chief Financial Officer may approve requests to add or amend schemes within the capital programme, providing that they are totally funded, there is no overall increase in future revenue costs, there is no change in overall policy and subject to reporting any changes to the Executive and Scrutiny as part of the next MTFs monitoring report. In any particular instance, the Chief Financial Officer may decline to give approval and instead refer the proposal to the Executive.

INSTRUCTION 3

Grants and External Funding

Unless already included in the Medium Term Financial Strategy (MTFS) bids for external funding must be agreed with the Chief Financial Officer. He can approve bids where there is no additional one off or ongoing costs to the Authority for which there is no budget, capital programme or other provision.

Approval must be obtained from the Chief Financial Officer to any contingent liabilities for repayment should any conditions not be met, with any associated agreement being made with the approval of the Director of Law and Governance.

In other cases the approval of the Executive is required.

INSTRUCTION 4
Revenue – virement

- (a) In order to maintain effective and responsive services to meet the needs of the people of the County it is acknowledged that spending on individual budget heads may vary from the approved budget. This is permissible (subject to (b) and (c) below) so long as the total departmental budget is not exceeded.
- (b) Virement (either between individual lines or sections of the approved budget) is allowed except where it would involve:-
- i. a change in an existing policy;
 - ii. a reduction in service;
 - iii. on-going net costs which might not be containable;
 - iv. funding which has been included in that year's budget for service improvements above the limit of £20,000 or 5%, whichever is the greater.
 - v. the situation where the overall Council budget is forecast to be overspent.

The above will require the prior approval of the Executive, may constitute a Key Decision and may require the approval of the County Council. The Executive may consult the Chairman of the Scrutiny Commission if it considers that the nature of the proposal is such that the views of an overview and scrutiny committee should be canvassed.

- (c) Before submitting a virement proposal which falls under (b) above to the Executive for approval, the chief officer shall consult the Chief Financial Officer and shall include in his or her report to the Executive the justification for the change in priorities and any comments of the Chief Financial Officer. If the expenditure proposal is for longer than the current financial year, the chief officer must demonstrate that the proposed corresponding saving will also be continuing. This change will then be built into the ongoing budget.
- (d) Member approval is not required where a budget will continue to be used for the approved purpose but is being moved, for example, to reflect a change in budget holder responsibilities. Such transfers will however require the approval of the relevant Finance Business Partner(s).
- (e) Regular budget monitoring reports shall be made to the Executive and Scrutiny Commission identifying the main variations in expenditure in order that virement can be questioned as appropriate.

INSTRUCTION 5***Revenue - supplementary estimates***

- (a) A supplementary estimate approval means that not only do individual budget approvals increase, but the total approved departmental budget increases. Requests must be approved by the Executive and may constitute a key decision. The Chief Financial Officer must be consulted before a report written by the chief officer is submitted to the Executive.
- (b) Requests should result only from new legislation or other unforeseen and exceptional circumstances. Chief officers would be expected to show virement is not available to fund the proposal. Supplementary estimates may be approved but budget adjustments deferred whilst it becomes clearer whether costs can be met from elsewhere within the relevant budget.
- (c) No expenditure should be committed prior to Executive approval.

INSTRUCTION 6***Revenue – carry forward of over or underspendings***

- (a) The Executive may authorise adjustments in a department's current year's budgets for underspendings or overspendings incurred in the previous financial year.
- (b) The Chief Financial Officer may agree the carry forward of an underspending on all budgets subject to any guidelines laid down by the Executive. They may do this only when the total departmental budget is underspent by more than the requested carry forward.
- (c) Within an approved budget line special rules may apply to carrying forward over or under spendings. An example of these is local management of schools. The relevant Guidance Manuals will include the limits on types of carry forwards.

[Note on Guidelines: The Cabinet at its meeting on 27 June 2006 agreed that the Chief Financial Officer should be allowed to approve carry forwards where the money is to be spent for the purpose for which it was originally allocated in the budget. Where the carry forward is to be used for a different purpose (i.e. effectively comprising virement) the Chief Financial Officer should be allowed to approve items up to £100,000 with the following exceptions, where Cabinet approval is required:-

Where a carry forward would result in an overspending position on the department's budget

Where a carry forward would represent a change in existing policy

Where ongoing costs might result.

INSTRUCTION 7
Contracts

- (a) All contracts should be dealt with in accordance with the Contract Procedure Rules set out in Part 4G of the Council's Constitution.

Capital Contracts

- (b) The appropriate chief officer will be responsible for the maintenance of all financial as well as technical records for contracts of a capital nature.
- (c) Where building, construction or other capital contracts provide for payment to be made by instalments on the certificate issued by an authorised officer, the records must show the state of account on each contract between the County Council and the contractor together with other payments and related professional fees.
- (d) Payments to contractors in respect of all contracts must be authorised only by a certificate signed by the person made responsible by the contract for issuing such certificates (i.e. "the Certifying Officer" or authorised deputy). In the case of external Architects, Quantity Surveyors, Engineers or Consultants, certificates must be countersigned as to validity by the appropriate chief officer who appointed them. The form of the certificate must be agreed by the Chief Financial Officer. The Certifying Officer will be responsible for the correct certification of all aspects of contract payments and for ensuring the correct completion of all associated contract documentation.
- (e) The Certifying Officer will ensure that all contract documentation is properly completed before the contractor's final account is paid.
- (f) Prior to issue of final certificates the Chief Financial Officer will, to the extent they consider necessary, audit accounts for contracts. They will be entitled to make all such enquiries and receive such information and explanations as they may require in order to satisfy himself or herself as to the accuracy of the accounts.
- (g) Chief officers should actively try to promote an agreement with contractors on outstanding issues, where work was completed over two years ago.
- (h) Claims from contractors in respect of matters not clearly within the terms of any existing contract must be referred to the Director of Law and Governance for consideration of the Council's legal liability before a settlement is reached. The Chief Financial Officer must also be informed of the amount of such claims before final settlement to enable him or her to consider the financial implications.

- (i) Where completion of a contract is delayed beyond the due date for completion by more than one-sixth of the contract period, it will be the duty of the responsible officer under the contract, after consultation with the Director of Law and Governance and spending department, to take appropriate action in respect of any claim for liquidated damages. The responsible officer may decide that liquidated damages should not be applied. This should be reported to the Executive subject to any guidelines set down by the Executive.

Professional Fees

- (j) Where staff are not charged to projects on a fee basis, the appropriate chief officers will supply the Chief Financial Officer with details of the cost of staff and external consultants employed on capital work.
- (k) In all cases an agreement with a private firm or individual shall require them to comply with the Contract Procedure Rules (Part 4G) and to give the same facilities to the Chief Financial Officer as required of chief officers of the Council by its instructions and procedures.
- (l) Where external consultants are to supervise work, the contracting chief officer is responsible for ensuring that they receive regular written reports covering the physical and financial progress of that work and for taking any appropriate action on the basis of progress reports.

INSTRUCTION 8

Orders for work, goods and services

- (a) Orders for work, goods and services must not be placed unless the expenditure to be incurred is in accordance with the Financial Procedure Rules (Part 4F), the Contract Procedure Rules (Part 4G) and the Council's Procure to Pay policy as set out by the Chief Financial Officer.
- (b) The County Council has adopted a 'No Purchase Order, No Pay' principle. No commitment should be made without a Purchase Order and contract/legal agreement being in place, except where exemptions have been agreed by the Chief Financial Officer.
- (c) Where urgent orders are given informally, they must be confirmed by an official Purchase Order not later than the next working day following the day in which the oral order is given.
- (d) Orders must be placed using the Council's Finance System, unless the Chief Financial Officer has agreed to alternative arrangements for specific classes of transaction. Orders must be authorised only by officers designated by the appropriate chief officer who are authorised to approve on their behalf and in line with the Council's financial scheme of delegation. Before placing an order, Budget Managers must satisfy

themselves that this would be proper expenditure and would be within the appropriate approved budget.

- (e) The Chief Officer of each department will be responsible for ensuring the validity of all orders issued and is in line with departmental plans.
- (f) Oracle Fusion is the Council's Finance system for creating purchase orders, generating payments and accounting for related transactions. Only line of business systems, approved by the Chief Financial Officer, should be used to interface purchase orders and payment files to Oracle for the generation of the purchase order and payment.
- (g) Departments must obtain goods, works or services in a manner and from sources which demonstrate best value for money for the Council and in compliance with the Council's Contract Procedure Rules. Chief Officers are responsible for obtaining goods, works or services that have been procured under a corporate contract or framework or they must seek exception and approval in advance, to source items from alternative sources.

INSTRUCTION 9

Payments of invoices and claims

- (a) Invoices should be on suppliers' official forms and must pass invoice validation requirements, as set out in the Council's payment terms. Each invoice must contain a valid official County Council Purchase Order number, unless an exception agreed by the Chief Financial Officer is in place. Suppliers should email their invoices direct to the Finance Service Centre email address, except where alternative arrangements have been agreed by the Chief Financial Officer.
- (b) The Chief Financial Officer is authorised to make all payments as they become due out of the General County Fund, its subsidiary accounts, and the Pension Fund. The payment validation system within departments should ensure that expenditure has been reviewed and validated by an officer authorised by the Chief Officer.
- (c) Before approving a Purchase Order or expense claim the approving officer must satisfy themselves that the expenditure is valid, appropriate budget exists and that it is allocated to the correct expenditure head.
- (d) All claims for the payment of employee travel and expenses must be submitted and approved in Oracle Fusion using the expenses process, unless alternative arrangements have been agreed by the Chief Financial Officer. Claims must be submitted promptly. Claims which are for a period over 3 months old will not be paid unless there are extenuating circumstances.

- (e) For payments made via other approved payment methods, as set out in the Procure to Pay Policy, the approving officer must satisfy themselves that the expenditure is valid, appropriate budget exists and that it is allocated to the correct expenditure head.

For this purpose all documents relating to the payment, evidence of payment validation and goods receipt must be placed at their disposal.
- (g) Where the Chief Financial Officer considers it appropriate, they will call the attention of the chief officer and, if necessary, the Executive to any item which has been passed for payment. They will also report to the Executive on any such item which they consider for any good reason should not be paid.
- (h) Schools operating under Local Management are subject to specific regulations. These are contained in the LMS Scheme of Delegation.
- (i) Schools operating under Local Management are subject to specific regulations. These are contained in the LMS Scheme of Delegation.
