4. Performance Targets
5. Service Level Agreements

This document details the Administration Strategy for the Leicestershire Local Government Pension Scheme.

Communication plays a vital role in successful administration so is included within the administration strategy.

It also details the Pension Section performance targets and service level agreement for the Scheme's employers.

Amendments to the previous version of the strategy have been made in response to the Government's LGPS Fit for the Future consultation reply in May 2025. The Fund's previous version was approved by Pensions Committee in March 2025.

Leicestershire County Council as the Administering Authority of the Leicestershire Pension Fund is responsible for setting policies, strategies and statements to ensure the Fund's obligations to its members, employees and stakeholders are met. These are available [online on the Leicestershire Pension Fund website](#).

SECTION 1

ADMINISTRATION

INTRODUCTION

An administration strategy, as allowed for by the Local Government Pension Scheme, is seen as one of the tools which can help in delivering a high-quality administration service to the scheme member and other interested parties. Delivery of a high-quality administration service is not the responsibility of one person or organisation but is rather the joint working of a number of different parties.

This is the pension administration strategy statement of the Leicestershire County Council Pension Fund (LCCPF), administered by Leicestershire County Council (the administering authority). Employers in the Leicestershire Pension Fund have previously been consulted on this document.

The strategy statement sets out the quality and performance standards expected of Leicestershire County Council in its role of administering authority and scheme employer, as well as all other scheme employers within the Leicestershire Fund. It seeks to promote good working relationships, improve efficiency and enforce quality amongst the scheme employers and the administering authority.

BACKGROUND

The LGPS represents a significant benefit to scheme members. Much of the success in promoting the scheme amongst scheme members and ensuring a high-quality service delivery depends upon the relationship between the administering authority and scheme employers in the day-to-day administration of the scheme. Good quality administration can also help in the overall promotion of the scheme and remind or alert employees to the value of the LGPS, thereby helping with recruitment, retention and motivation of employees.

The Fund comprises over 180 scheme employers with active contributing scheme members.

There were 40,983 active members, 32,602 preserved members, 35,677 pensioner and survivor members, totalling 109,262 in the Leicestershire Local Government Pension Fund at March 2025.

The efficient delivery of the benefits of the LGPS is dependent on sound administrative procedures being in place between several interested parties, including the administering authority and scheme employers.

IMPLEMENTATION

The strategy statement was first put in place 1 April 2016. This strategy statement sets out the expected levels of performance of both the administering authority and the scheme employers within the Leicestershire Fund, as well as

details on how performance levels will be monitored and the action that might be taken where persistent failure occurs.

REGULATORY FRAMEWORK

The implementation of an Administration Strategy has regulatory backing in the form of the Local Government Pension Scheme Regulations 2013. These provide the conditions and regulatory guidance surrounding the production and implementation of an Administration Strategy.

Regulation 59(1) enables an LGPS administering authority to prepare a document (“the pension administration strategy”) which contains such of the matters mentioned below as they consider appropriate: -

- Procedures for liaison and communication with their relevant employing authorities.
- The establishment of levels of performance which the administering authority and the relevant employing authorities are expected to achieve in carrying out their functions under the LGPS by-
 - (i) the setting of performance targets;
 - (ii) the making of agreements about levels of performance and associated matters; or
 - (iii) such other means as the administering authority consider appropriate;
- Procedures which aim to secure that the administering authority and the relevant employing authorities comply with the statutory requirements in

respect of those functions and with any agreement about levels of performance.

- Procedures for improving the communication by the administering authority and the relevant employing authorities to each other of information relating to those functions.
- The circumstances in which the administering authority may consider giving written notice to a relevant employing authority on account of that employer's unsatisfactory performance in carrying out its functions under these Regulations when measured against levels of performance.
- Such other matters as appear to the administering authority to be suitable for inclusion in that strategy.

In addition, regulation 59(6) of the Administration Regulations also requires that, where a pension administration strategy is produced, a copy is issued to each of their relevant employing authorities as well as to the Secretary of State. The Fund will meet this requirement by having the latest version available on its website. Similarly, when the strategy is revised at any future time the administering authority must notify all its relevant employing authorities and the Secretary of State.

It is a requirement that, in preparing or revising any pension administration strategy, that the administering authority must consult its relevant employing authorities and such other persons as it considers appropriate. A consultation took place with the Fund's employers prior to the publications of previous version and following feedback changes were incorporated. Regard must be had by both the administering authority and employing authorities to the current version of any pension administration strategy when carrying out their functions under the LGPS Regulations.

In addition, regulation 70 of the Administration Regulations allows an administering authority to recover additional costs from a scheme employer where, in its opinion, they are directly related to the poor performance of that scheme employer. Where this situation arises, the administering authority is required to give written notice to the scheme employer, setting out the reasons for believing that additional costs should be recovered, the amount of the additional costs, together with the basis on which the additional amount has been calculated.

The following strategy statement, therefore, sets out the information required in accordance with regulation 59(1) and forms the basis of the day-to-day relationship between Leicestershire County Council as the administering authority and the employing authorities of the Leicestershire Pension Fund. It also sets out the circumstances under regulation 70 where additional costs are incurred as a result of the poor performance of a scheme employer, together with the steps that would be taken before any such action were taken.

Local Pension Board and Local Pension Committee

Governance of the Fund

Leicestershire County Council has delegated the responsibility for decisions relating to the Leicestershire Pension Fund to the Local Pension Committee in accordance with Section 101 of the 1972 Superannuation Act. The Members who sit on the Local Pension Committee act on behalf of the beneficiaries of the LGPS and in this way have a similar role to trustees in primarily protecting the benefits of the LGPS members, overseeing the direction of investments and monitoring liabilities. The Committee's principal aim is to consider pensions matters with a view to safeguarding the interests of all pension fund members.

The Local Pension Board was established in accordance with Local Government Pension Scheme Regulations 2015. The responsibility of the Board, as defined by sections 5(1) and (2) of the Public Service Pensions Act 2013, is to assist the Administering Authority as Scheme Manager in ensuring the effective and efficient governance and administration of the Local Government Pension Scheme (LGPS) including securing compliance with the LGPS Regulations and other legislation relating to the governance and administration of the LGPS. Securing compliance with requirements imposed in relation to the LGPS by the Pensions Regulator and, such other matters as the LGPS Regulations may specify. The Board maintains oversight of Administration of the Fund through quarterly reports on performance against its key performance indicators and can report any areas of concern for consideration by the Local Pension Committee.

There is a statutory requirement for the Fund to maintain a Governance Compliance Statement and this is replicated within the [Fund's Annual Report](#) which sets out in more detail governance of the Fund.

RESPONSIBILITIES AND PROCEDURES

Procedures for liaison and communication with employers

The delivery of a high-quality administration service is not the responsibility of just the administering authority but depends on the joint working of the administering authority with a number of individuals in different organisations to ensure scheme members, and other interested parties, receive the appropriate level of service or ensure that statutory requirements are met.

Where new employers join the Fund or existing employers require assistance understanding their role and responsibilities, guidance will be provided.

This strategy statement has been developed following consultation with scheme employers and other interested parties. It takes account of scheme employers' current pension knowledge, perception of current administration

standards and specific training needs to ensure the level of service can be delivered to the required standard.

Establishing levels of performance

Performance standards

The LGPS prescribes that certain decisions be taken by either the administering authority or the scheme employer, in relation to the rights and entitlements of individual scheme members. In order to meet these obligations in a timely and accurate manner, and also to comply with overriding disclosure requirements, the Leicestershire Pension Fund should agree levels of performance between itself and the scheme employers which are set out in the service level agreement included in this strategy statement.

Quality

Overriding legislation

In carrying out their roles and responsibilities in relation to the administration of the Local Government Pension Scheme the administering authority and scheme employers will, as a minimum, comply with overriding legislation, including Pensions Act, Freedom of Information, GDPR, Age and Disability Discrimination, Finance Act.

•

Where agreed, the administering authority and scheme employers will comply with local standards which go beyond the minimum requirements set out in overriding legislation. Such best practice standards are outlined in the section on timeliness set out below.

Internal standards

The administering authority and scheme employers will ensure that all functions/tasks are carried out to agreed quality standards. In this respect the standards to be met are:

- monthly data will be submitted by employers to the Pension Fund using I-Connect;
- information to be legible and accurate;
- communications to be in a plain language style
- information provided to be checked for accuracy by an appropriately trained member of staff;
- information provided to be authorised by an agreed signatory; and
- actions carried out, or information provided, detailed within the sections and timescales set out in this document.

Timeliness and accuracy

Overriding legislation dictates minimum standards that pension schemes should meet in providing certain pieces of information to the various parties associated with the scheme. The scheme itself sets out several requirements for the administering authority or scheme employers to provide information to each other, scheme members and prospective scheme members, dependants, other pension arrangements or other regulatory bodies. Locally agreed performance standards have been proposed which cover all aspects of the administration of the scheme, where appropriate going beyond the overriding legislative requirements. These locally agreed standards for the Leicestershire Pension Fund are attached to this strategy.

For the avoidance of doubt “accuracy” in this Strategy is defined as when we have received a completed form with no gaps in mandatory areas and with no information which is either contradictory within the document or which we need to query.

The timeliness relates to a date of event being either the date the member started or left the LCCPF or any other material change that affects a scheme member’s pension record.

Procedures for ensuring compliance with statutory requirements and levels of performance

Ensuring compliance is the responsibility of the administering authority and scheme employers. We will work closely with all scheme employers to ensure compliance with all statutory requirements, whether they are specifically referenced in the LGPS Regulations, in overriding legislation, or in this Administration Strategy. We will also work with employers to ensure that overall quality and timeliness is continually improved. Various means will be employed, in order to ensure such compliance and service improvement, seeking views from as wide an audience as possible. These include:

Audit

The Leicestershire Pension Fund will be subject to annual audit of its processes and internal controls. The Leicestershire Pension Fund and scheme employers will be expected to fully comply with any requests for information from both internal and approved external auditors. Any subsequent recommendations made will be considered by Leicestershire County Council and where appropriate duly implemented (following discussions with scheme employers where necessary).

Findings and any recommendations made by Internal Audit are reported to the Local Pension Board for openness and transparency.

Performance monitoring

The Employing Authority may monitor performance against specific tasks set out in the service level agreement and return the information to the Leicestershire County Council Pension Section on an agreed basis.

Leicestershire County Council will monitor its own performance of the administering authority in carrying out its responsibilities in relation to the scheme.

Improving employer performance (where necessary)

The Pension Section will seek, at the earliest opportunity, to work closely with employers in identifying any areas of poor performance, provide the opportunity for necessary training and development and put in place appropriate processes to improve the level of service delivery in the future.

Where persistent and ongoing failure occurs and no improvement is demonstrated by an employer, and/or unwillingness is shown by the employer to resolve the identified issue, the following sets out the steps we will take in dealing with the situation in the first instance;

- LCC Pensions will contact and/or meet with the employer to discuss the area(s) of poor performance and how they can be addressed.
- Where no improvement has been demonstrated by the employer, or where there has been a failure to take agreed action by the employer, LCC Pensions will issue a formal written notice to the employer setting out the area(s) of poor performance that has been identified, the steps taken to resolve those area(s) and giving notice that the additional costs may now be reclaimed.
- LCC Pensions will clearly set out the calculations of any loss or additional costs resulting to the LCCPF/Administering authority, taking account of time and resources in resolving the specific area of poor performance; and
- LCCPF make a claim against the scheme employer, setting out the reasons for doing so, in accordance with the Regulations.

CIRCUMSTANCES WHERE THE ADMINISTERING AUTHORITY MAY LEVY COSTS ASSOCIATED WITH THE EMPLOYING AUTHORITIES

Regulation 70 of the Local Government Pension Scheme Regulations 2013 provides that an administering authority may recover from an employing authority any additional costs associated with the administration of the scheme incurred as a result of the poor level of performance of that employing authority. Where an administering authority wishes to recover any such additional costs, they must give written notice stating: -

- The reasons in their opinion that the scheme employer's poor performance contributed to the additional cost;
- The amount of the additional cost incurred;
- The basis on how the additional cost was calculated; and
- The provisions of the pension administration strategy relevant to the decision to give notice.

CIRCUMSTANCES WHERE COSTS MIGHT BE RECOVERED

Any additional costs to the Leicestershire Pension Fund in the administration of the LGPS that are incurred as a direct result of poor performance, or where an employer requests a specific area of work outside the standard provided by the administering authority, will be recovered from the scheme employer or third-party service provider, depending on the party which is responsible. The circumstances where such additional costs will be recovered from the employing authority are:

- persistent failure to provide relevant information to the administering authority, scheme member or other interested party in accordance with specified performance targets (either as a result of timeliness of delivery or quality of information);
- failure to pass relevant information to the scheme member or potential members, either due to poor quality or not meeting the agreed timescales outlined in the performance targets;
- failure to deduct and pay over correct employee and employer contributions to the Leicestershire Fund within the stated timescales;
- failure of a new Fund employer meeting its statutory duty when joining the Fund – for example unnecessary delays in completing an admission agreement, bond or other security as required by the Fund;

- instances where the performance of the scheme employer results in fines being levied against the administering authority by the Pension Regulator, Pensions Ombudsman or other regulatory body.
- where a specific area of work is requested by an employer, outside of the standard provided, causing a significant increase in pensions administration, e.g., where an employer decides to move all its scheme members into another Fund, creating a full bulk transfer of staff.
- all actuarial costs incurred by the Fund, for any work initiated by an employer, e.g., a bulk transfer of staff, a cessation valuation etc.
- where the employer, or their external auditors request significant amounts of additional information for the auditors of the employers' accounts.

CALCULATION OF COSTS INCURRED

For a persistent failure to resolve an isolated case satisfactorily or where an employer continues to fail to meet its statutory duty, the Fund will recharge costs from the point in time at which we write (either letter or email) to the scheme employer, until the case is resolved, at a rate of £100 for each hour an officer spends trying to resolve the matter.

For persistent and ongoing failure to meet targets, following the intervention to assist the employer concerned, the Fund will recharge the additional costs due to the employer's poor performance at the rate of £100 per hour spent, from the point in time that we write (letter or email), until performance improves.

Where the performance of the scheme employer results in fines or additional costs being levied against the Fund will recharge the full costs it has incurred to the relevant employer.

Costs for a specific area of work requested by an employer, outside of the standard provided, causing a significant increase in pensions administration will be charged at £50 per hour. Officers will aim to inform the employer in advance of the work commencing and try to minimise the cost wherever possible. Any external system costs associated, will be recharged to the employer in full.

All actuarial costs incurred by the Fund for work initiated by an employer will be recharged to the employer in full.

Data Monitoring and Improvement

The Fund holds and uses a significant amount of data to calculate and pay pensions so accurate and timely data is key in delivering a high-quality pension service.

The following list of criteria are from the Pension Regulator Code (March 2024) with the Fund action for each of these.

Monitor data on an ongoing basis to ensure it is as accurate and complete as possible for all pension scheme members.

Active contributors' records are updated with pay and contributions each month, directly from employer's payroll systems. Every year, as part of the annual benefit statement exercise, records are reviewed to ensure accurate data is held for use in the calculation of the annual benefit statements. Preserved and pensioner records are updated annually for pensions increase.

If there is a specific exercise, for example an employer leaving the Fund, all the employer member data will be checked to allow calculation of a scheme cessation.

Ensure the Local Pension Board receives information about material errors and gaps in their scheme data, once identified.

The Fund scores its data annually using the Pension Regulator data scoring methodology. This measure common and scheme specific data. The scores are reported annually to the Board and reported to the Regulator. If there are areas of concern these are highlighted to the Board.

Ensure any service providers operate their own procedures for identifying, rectifying, and reporting errors to the Local Pension Board.

The system provider runs annual common and scheme specific data reports to highlight data issues and alert fund officers. The Fund Actuary also operate their own data checking processes and highlight any issues to officers to resolve. This takes place prior to valuation periods and is included in the overall valuation programme reported to the Board.

Ensure data improvement is prioritised for members close to the point where they start drawing on their benefits.

The Leicestershire Fund provides an online service where all members can run their own pension retirement estimates at any time. Therefore, all member

records are included in the annual data checks. At retirement (or estimate before retirement) a more detailed data check is carried out by officers.

Ensure any plan for improving data can be monitored and has an achievable deadline.

Where errors or gaps in data are identified, and a data improvement plan is required, this will be taken to the Local Pension Board detailing the issue, how it will be monitored and an achievable end date.

A record of data reviews and improvement will be kept, including what actions were necessary and the findings.

Where applicable, ensure member records are reconciled with information held by the employer(s).

The Fund uses the system providers monthly data reconciliation and posting tool. Employers extract data from their payroll systems monthly, submit this through the reconciliation tool, enabling data to post to individual member records. Issues with data are highlighted during the load and inaccurate or missing data is not loaded and employers are alerted to resolve it.

Ensure regular reconciliation of scheme membership, especially those reaching retirement.

This takes place each month using the reconciliation and posting tool.

Carry out scheduled tracing and existence exercises to validate member data.

The Fund uses a tracing and existence service alongside the National Fraud Initiative process. This enables officers to check as required, but at least six monthly.

The Fund has a data retention policy that details how long data will be held. For old cases where data is no longer held, for example an old refund, each case will be considered fairly and on a case by case basis.

The Fund protects scheme data and has a fund cyber policy. If there is a breach of data, these are reported to Team Managers in the first instance and escalated as necessary.

REVIEW PROCESS

We will review our administration strategy to ensure it remains up to date and meets the necessary regulatory requirements at least every two years.

CONSULTATION

In preparing the administration strategy the Pension Section consulted with the relevant employing authorities and other persons considered appropriate.

The relevant employing authorities must be notified in writing of the final changes and where a copy of the revised strategy may be obtained.

SECTION 2

COMMUNICATION

INTRODUCTION

Clear and easy to follow communication is critical for the success of the Administration Strategy.

The Fund liaises with over 180 employers and approximately 110,000 scheme members in relation to the Local Government Pension Scheme. The delivery of the benefits involves communication with several other interested parties. This statement provides an overview of how we communicate and how we measure whether our communications are successful.

COMMUNICATION HAS FORMED PART OF THE ADMINISTRATION STRATEGY SINCE 1 APRIL 2016. **REGULATORY FRAMEWORK**

The policy for communication is required by the provisions of Regulation 61 of the Local Government Pension Scheme Regulations 2013. The provision requires us to:

“prepare, maintain and publish a written statement setting out their policy concerning communications with:

- (a) members;*
- (b) representatives of Members;*
- (c) prospective Members;*
- (d) employing Authorities.”*

In addition, it specifies that the statement must include information relating to:

- “(a) the provision of information and publicity about the Scheme to members, representatives of members and employing authorities;*
- (b) the format, frequency and method of distributing such information or publicity;*
- (c) the promotion of the Scheme to prospective members and their employing authorities.”*

Responsibilities and Resources

Within the County Council's Pensions Section, the responsibility for communication material is performed by the Pension Manager with the assistance of Fund Officers.

The team write and design all communications including any web based or electronic material. They are also responsible for arranging all forums, workshops and meetings covered within this statement. Though we write all communication within the section, design work is carried out by the Council's publications team. We also carry out all the arrangements for forums, workshops and meetings covered within this statement.

Printing is carried out internally by the Council's Central Print Department or externally where this is more cost effective.

COMMUNICATION WITH KEY AUDIENCE GROUPS

Our audience

We communicate with several stakeholders. For the purposes of this communication policy, we are considering our communications with the following audience groups:

- active members;
- deferred members;
- pensioner members;
- prospective members and their employing authorities;
- Local Pension Board and Committee Representatives; and
- other stakeholders.

In addition, there are several other stakeholders with whom we communicate on a regular basis, such as Revenues and Customs, MHCLG, The Pensions Regulator, The Prudential (The Fund's Additional Voluntary Contribution provider), and other pension providers. We also consider as part of this policy how we communicate with these interested parties.

The Fund also consults and/or engages with relevant stakeholders on changes to policies and strategies that affect the Fund, employers or other stakeholders. Whilst for some policies consultation is a statutory requirement, there are others where the Fund chooses to do so.

General communication

General day to day communication is via multiple sources. These include letter, phone call, e-mail, online, and our , scheme member website: <https://www.leicspensionfund.co.uk/>

We also encourage scheme members to use the [national LGPS member website](#).

Employers can access information to assist them [via our website](#).

Large scale communications, such as annual statements, P60s and pension payslips will be provided electronically whenever possible. Members and pensioners can request exemption from this upon written/telephone request, and give instruction that communications continue to be paper based. It is therefore the default that annual benefit statements can be found on-line with a modeller for scheme members to run their own estimates. The Pensions Online system can be found at: <https://www.leicspensionfund.co.uk/>

Branding

As the Pension Fund is administered by Leicestershire County Council, literature and communications will conform with the branding of the Council.

Accessibility

We recognise that individuals may have specific needs in relation to the format of our information or the language in which it is provided. Demand for alternative formats/languages is not high enough to allow us to prepare alternative format/language material automatically.

POLICY ON COMMUNICATION WITH ACTIVE, DEFERRED AND PENSIONER MEMBERS

Our objectives regarding communication with members are:

- for the LGPS to be used as a tool in the attraction and retention of employees.
- to better educate and explain to members the benefits of the LGPS.
- resolve questions first time to reduce repeat returns, and reduce complaints
- for our employers to be confident in understanding the benefits of the LGPS.
-
- to improve the take up of the LGPS by employees.
- to reassure stakeholders.

Our objectives will be met by providing the following communications, which are over and above individual communications with members (for example, the notifications of scheme benefits or responses to individual queries). The communications are explained in more detail beneath the table:

Type	Media	Frequency	Method of Distribution	Audience Group (Active, Deferred, Pensioner or All)
New Joiner information	Pensions website (registration for Member Self-Service account required)	On commencing employment	On-line (paper copies available on request)	New employees
Pension Fund Report and Accounts	Pensions website	Annually	On-line (paper copies available on request)	All
Annual Benefit Illustrations	Generally on-line but paper still available	Annually	On-line or posted to home address.	Active and Deferred
Information about the Scheme	Pensions website	n/a	n/a	All
Information about fund investments	Pensions website	n/a	On-line (paper copies available on request)	All
Climate Reports	Pensions website	Annually	On-line (paper copies available on request)	All
Net Zero Climate Strategy	Pensions website	Every three years	On-line (paper copies available on request)	All

Type	Media	Frequency	Method of Distribution	Audience Group (Active, Deferred, Pensioner or All)
Online education sessions and presentations	Online	On request by employers/member group (subject to available resource)	On request	Actives and employers
Helpdesk	Phone and email	Daily	Phone calls and email replies to Members queries	All
Pension Dashboards	Online	On request by member	On-line	Active and deferred

Explanation of communications

New Joiner Information - A 'Welcome' letter is initially sent to members with instructions to register for an online account. Forms requiring completion and an overview of the LGPS are provided online but paper copies are available upon request.

Climate Reports and Net Zero Climate Strategy – Detail of the Fund's exposure to climate risk and opportunities and how the Fund is managing this risk, as well as progress towards Net Zero Climate Strategy targets. The Fund will look to consult and/or engage as part of significant reviews on the Net Zero Climate Strategy.

Information about Fund Investments – Recognising scheme members have increasing interest in its investments the Fund maintains updates on how it invests, including its role as a responsible investor.

Pension Fund Report and Accounts – Details of the value of the Pension Fund during the financial year, income and expenditure as well as other related details, for example, the current employing authorities and scheme membership numbers.

Annual Benefit Illustrations – For active members these include the current value of benefits. The associated death benefits are also shown and whether the member has nominated person(s) to receive the lump sum death grant. In relation to deferred members, the benefit statement includes the current value of the benefit.

Website – The LCC has a designated Leicestershire County Council Pensions information website: <https://www.leicspensionfund.co.uk/>. Members and pensioners have access to online pension accounts to view and print annual statements, P60s, payslips. Members can also run their own estimates on-line.

This is complemented by a national Local Government Pension Scheme website freely available <https://www.lgpsmember.org>, which will provide scheme specific information, frequently asked questions and answers, links to related sites etc.

On-line education sessions and presentations – These are sessions that are available on request for groups of members. For example, where an employer is going through a restructuring or review, it may be beneficial for the employees to understand the impact any pay reduction may have on their pension rights or a general overview of the scheme is requested.

Helpdesk – this was introduced by the Pension Section in 2021 to assist scheme members with their calls and email enquiries. It is designed to try and enable the first person receiving the call or email to be able to resolve it without the need to refer the scheme member to other Pension colleagues, thereby improving the customer experience and generate efficiency.

Pension Dashboards - From October 2025 the Pension Fund must comply with pension legislation for Pension Dashboards.

Pension Dashboards will enable UK residents to trace their missing pensions.

A person who registers on the Pension Dashboard website, that has a matching pension in the Leicestershire LG Fund, will trigger a unique identifier. This will enable pension information to be passed from the Fund to the Dashboard.

The Leicestershire Fund uses four matching criteria

- **National Insurance number**
- **Surname**
- **Date of Birth**
- **Postcode.**

A person that has partial match with the Fund (i.e. some of the matching criteria match) will be prompted to contact the Pension Section. Colleagues will verify the person, before data is passed to the Dashboard.

Additional Voluntary Contributions paid through the Fund's AVC (The Prudential) are included in the pension data passed to the Dashboard.

There is a reliance on the member, their employer, and the Fund to ensure a member's data is as accurate as possible.

Member's that change their name or move house, should inform the Pension Section so the latest information is recorded.

Administration Charges - The Pension Section can charge scheme members for certain divorce work, reinstatement work and multiple member estimates. The charge is to cover administration time spent on these cases. The Pension Regulator Code of Practise 14 Governance and Administration of Public Service proposed that it is permissible under Disclosure Regulation that additional information can be made available at a charge.

Work Item	Charge
Divorce – Initial CETV	No charge
Divorce – Additional CETV within 12 months	As required, charged at £150 plus VAT
Divorce – Provision of other information	As required, charged between £150 and £725 plus VAT
Divorce – Receipt of pension sharing order or consent order and to establish a new or prospective pensioner record	As required, charged at £475 plus VAT
Divorce – Assuming all documents are in place, settle a transfer out	As required, charged at £250 plus VAT
Estimate - Additional Member Initiated Estimate (within 12 months)	Annual Benefit Statement – no charge One additional written estimate within 12 months – no charge On-line estimates – no charge Additional estimates charged at £100 each plus VAT
Reinstatement of Benefits (and/or associated work) – Where a member has transferred out to an alternative Pension arrangement and work is required to determine any potential loss of benefits	£475 plus VAT – per case

The charges may be amended each year in line with inflationary changes.

POLICY ON PROMOTION OF THE SCHEME TO PROSPECTIVE MEMBERS AND THEIR EMPLOYING AUTHORITIES

Our objectives regarding communication with prospective members are:

- to improve take up of the LGPS.
- for the LGPS to be used as a tool in the attraction of employees.

The County Council's Pension Section does not have direct access to prospective members, so Officers work in partnership with the employing authorities in the Fund to meet these objectives. We will do this by providing the following communications:

Method	Media	Frequency	Method of Distribution	Audience Group
New Joiner Information	Pensions website (registration for Member Self-Service account required)	On commencing employment	On-line (Paper copies available on request)	New employees

POLICY ON COMMUNICATION WITH EMPLOYING AUTHORITIES

Our objectives regarding communication with employers are:

- to strengthen relationships.
- to assist employers, understand their role and responsibilities.
- to assist employers in understanding costs/funding issues.
- to work together to maintain timely and accurate data.
- to provide a secure way to transfer data to the Fund on a monthly basis.
- to ensure smooth transfers of staff.
- to ensure they understand the benefits of being an LGPS employer.
- to assist them in making the most of the discretionary areas within the LGPS.

Our objectives will be met by providing the following communications:

Method	Media	Frequency	Method of Distribution	Audience Group
Employers Information	Pensions website	At joining and updated as necessary	https://www.leicspensionfund.co.uk/	Main contact for all employers
Bulletins	Electronic (e-mail)	When required	E-mail	All contacts for all employers
Valuation meeting	Virtual	Tri-Annually	Invitations by e-mail/post	All contacts for all employers
Pension Fund Report and Accounts	Pensions website	Annually	E-mail	Main contact for all employers
Meeting with Managers	Virtual	On request	E-mail	Senior management involved in funding and HR issues.
I-Connect	On-line secure website	Monthly data submissions	On-line secure transfer of data – I-Connect	Main data submission route for all current and new employers

Explanation of communications

Employers Information – Employer information is available on the employer's area of the Fund website.

Bulletins – A technical briefing that will include recent changes to the scheme, the way the Pension Section is run and other relevant information to keep employers fully up to date.

Valuation meeting – Part of the Annual General Meeting includes a section for employers with several speakers covering topical LGPS issues.

Pension Fund Report and Accounts – Details of the value of the Pension Fund during the financial year, income and expenditure as well as other related details, for example, the current employing authorities and scheme membership numbers.

Manager meeting – Gives employers the opportunity to discuss their involvement in the scheme with Pension staff.

I-Connect – Provides a secure route for employers to submit their monthly pension data to the Pension Section. There are two solutions available depending on the size of scheme membership at the employer.

POLICY ON COMMUNICATION WITH LOCAL PENSION BOARD AND LOCAL PENSION COMMITTEE REPRESENTATIVES

Employee and Employer representatives sit on both the Local Pension Board and Local Pension Committee.

Our objectives regarding communication with Board and Committee representatives;

- to ensure they are aware of their responsibilities in relation to the scheme
- to seek their approval to the development or amendment of discretionary policies, where required
- to seek their approval to formal responses to government consultation in relation to the scheme

Our objectives will be met by providing the following communications:

Method	Media	Frequency	Method of Distribution	Audience Group
Virtual or face-to-face education sessions	Virtual or face-to-face	When Local Pension Board and Local Pension Committee meet and as and when required	Virtual or face-to-face with Fund Officers	All members of the Pension Board and Committee
Local Pension Board and Local Pension Committee Meetings	Meeting	Quarterly or as required	Attendees of the Board and Committee	All

Explanation of communications

Training Sessions – that provide a broad overview of the main provisions of the LGPS, and elected member's responsibilities within it.

Local Pension Committee – The meeting consists of 10 Employer Representatives and 3 Employee Representatives and has responsibility for the management of the Pension Fund.

Local Pension Board The meeting consists of equal number of Employer and Employee Representatives and is broadly focused on helping the Scheme Manager (the Administering Authority) manage pension scheme administration.

POLICY ON COMMUNICATION WITH OTHER STAKEHOLDERS/INTERESTED PARTIES

Our objectives regarding communication with other stakeholder/interested parties are:

- to meet our obligations under various legislative requirements
- to ensure the proper administration of the scheme
- to deal with the resolution of pension disputes
- to administer the Fund's AVC scheme

Our objectives will be met by providing the following communications:

Method	Media	Frequency	Method of Distribution	Audience Group
Pension Fund valuation reports	On-line or email	Every three years	On-line or email	MHCLG, DfE, Revenues and Customs (HMRC)/all scheme employers
Member AVC details (joiners, leavers, deaths, retirements)	Form via secure email	At each member event (usually weekly)	Secure email	Prudential (the Fund's AVC provider)
Formal resolution of pension disputes	Hard copy or electronic	As and when a dispute requires resolution	Via email or post	Scheme member or their representatives, Money Helper/the Pensions Ombudsman
TPRs annual return	On-line	Annually	On-line submission	The Pensions Regulator
Completion of questionnaires	Electronic or hard copy	As and when required	Via email or post	MHCLG/HMRC/the Pensions Regulator

Explanation of communications

Pension Fund Valuation Reports – a report issued every three years setting out the estimated assets and liabilities of the Fund as a whole, as well as setting out individual employer contribution rates for a three-year period commencing one year from the valuation date.

Resolution of pension disputes – a formal notification of pension dispute resolution, together with any additional correspondence relating to the dispute.

The Pension Regulators Annual Return – a formal annual submission of Fund information to the Regulator

Completion of questionnaires – various questionnaires that may be received, requesting specific information in relation to the structure of the LGPS or the make-up of the Fund.

SECTION 3

GENERAL DATA PROTECTION REGULATIONS (GDPR)

In May 2018 the General Data Protection Regulations (GDPR) came into force.

The Pension Section followed Leicestershire County Council's corporate plan in dealing with this. The regulations are designed to protect scheme member's data.

The Pension Section and employers are both deemed data controllers so there is no requirement for a data sharing agreement to be in place; i.e., there is no legal requirement for employers to have a data sharing agreement.

There is a requirement for two statements to be available and these are;

- Memorandum of understanding for employers
- Fair processing notice

These are available on our website

<https://www.leicspensionfund.co.uk/privacy-policy>

The Pension Section has incorporated GDPR into information provided to new scheme members on the pension scheme membership form and welcome letter. Employers should inform all new employees that their personal data is shared with Leicestershire County Council Pension Section, for the County Council to meet its statutory responsibility of administering the Leicestershire Local Government Pension Scheme.
