# Proposed School term and holiday dates from Autumn 2027 to Summer 2032

We want to hear your thoughts  
on our proposed term dates

Online: [leicestershire.gov.uk/term-dates-consultation](https://leicestershire.gov.uk/term-dates-consultation)

For general enquiries or comments about this consultation  
please phone **0116 305 6324** or e-mail [admissions@leics.gov.uk](mailto:admissions@leics.gov.uk)

Public consultation: We will be consulting on proposals for a  
six week period from **5th May 2026 to midnight 15th June 2026**.

This consultation aims to seek your views on two potential options for school term and holiday dates for Leicestershire schools (from Autumn 2027 to Summer 2032).

## **Why does Leicestershire County Council get involved with this?**

School term and holiday dates are determined by school employers. As Leicestershire County Council is the employer for community, voluntary-controlled, and community special schools in Leicestershire, it determines the term dates for these settings. Following the Deregulation Act 2015 academies have the power to set their own term time dates.

Leicestershire County Council's school term dates are currently set until the end of the 2026-27 academic year.

## **Do all community, voluntary-controlled, and community special schools in Leicestershire have to adopt the school term & holiday dates set by Leicestershire County Council?**

In principle yes, but there is some flexibility to allow schools to amend term time patterns in-line with academies that have moved away from our patterns. In Leicestershire several secondary academies have partially moved away from our model. This can result in siblings in different schools having different term time patterns which causes difficulties with organising care arrangements and planning time off together as a family.

With this in mind, Leicestershire County Council has a recommended process that allows community schools to amend their term time patterns to fall in-line with the local secondary academy. The community school must request permission from Leicestershire County Council's Director of Children and Families to amend their term patterns to align with the local academy's.

## **Who determines the INSET days?**

INSET (In-Service Education and Training) days are now responsibility of the Headteacher to set. Leicestershire County Council no longer proposes or sets these days. The term time patterns we are consulting on allow for 190 school days each year, however headteachers may choose to set inset days during the school year which would impact the individual term date pattern for their school.

## **What is Leicestershire's current school term pattern?**

Traditionally, Leicestershire has always had a different school term pattern compared to surrounding areas and most other parts of the country. Compared to other areas, Leicestershire currently has:

- An early autumn break (October half term holiday)
- An early spring break (February half term holiday)
- An early start to the summer holidays that is around 2 weeks earlier than surrounding local authorities.

## Why consult?

To ensure schools and parents have sufficient notice about future school term dates, we now need to consult on term dates for the following five academic years (from Autumn 2027 to Summer 2032).

Previous consultations that included opportunities to align school terms with surrounding areas have confirmed Leicestershire's unique pattern is popular with the majority of parents. We are therefore proposing to retain the traditional Leicestershire holiday and term date pattern.

**Leicestershire County Council wants to consult parents, teachers and local residents on proposed term dates for 2027 to 2032 to provide an opportunity to shape proposals before they are confirmed.**

Working in collaboration with us, Leicester City Council will also be running a consultation on the City term patterns over the same time period as the County Council. This collaboration aims to improve outcomes for all those affected by the school term dates in the area and will seek to align dates across both Council areas where possible. Dates for October half term, Christmas break, February half term, Easter break and May half term are aligned on proposed dates for both Council areas. However, proposed summer holiday dates differ slightly across both Councils. In addition, the City Council does propose inset days as part of their term date pattern and in some cases these may not entirely align with the decisions taken by individual headteachers in Leicestershire on the timing of inset days.

## Proposed term dates

We have developed term time proposals for 2027 – 2032 that we welcome your feedback on.

The proposed dates in this consultation are based on the following key principles and aims.

### Principles:

- The requirement to have 380 sessions (190 school days) during a school year;
- To ensure school holidays take into consideration Christian religious dates to allow families to observe religious occasions such as Christmas and Easter;
- Where possible, national bank holidays have been incorporated into school holidays;
- Where possible to try and aim for a summer break of more than a minimum of five weeks;
- Where practical, offer a more balanced term length throughout the year compared to the current pattern;
- To consider Leicestershire term times alongside neighbouring local authorities.
