Good afternoon all,

Thank you for the useful meeting we had on 28<sup>th</sup> January 2025 to discuss the proposed diversion of Public Footpath P12 in the vicinity of Butt Lane.

I have attached for your information and consideration a Plan showing the proposed diversion of the Public Footpath. As discussed during the meeting the purpose of the diversion is to rectify the anomaly in relation to 200 Butt Lane and to divert the footpath onto the paths which have been constructed as part of your development.

The County Council is already in receipt of a diversion application made by the residents of 200 Butt Lane so all that is required from yourselves, as an affected landowner, is a headed letter or email stating that you agree to the proposed diversion as shown on Plan "2575 Proposal"

In addition, I carried out a site visit to the footpath this week and noticed that the section approximately between B and C on the attached plan has not been constructed with a tarmacadam surface, as required by Planning, and the legal line of the footpath has also been obstructed by a streetlight. I have attached a photo for your information. I would be grateful if you could let me know what the plan is for the footpath at this location please.

I look forward to hearing from you, if you have any questions, please do not hesitate to contact me.

Kind Regards

Morning Samantha

Apologies for the delayed response, Lewis has now left the business, so I have been catching up with everything.

We have no issues in the revised PROW route as it follows our new site footpaths.

I have asked our construction team for an update on the missing part in front of our show home and as soon as I have an update, I shall let you know.

Kind Regards  
Clare
