## 1. Introduction

The Government has recognised that fewer people are using Post Office<sup>®</sup> branches, partly because traditional services, including benefit payments and other services are now available in other ways, such as online or directly through banks. It has concluded that the overall size and shape of the network of Post Office<sup>®</sup> branches (“the Network”) needs to change.

In May 2007, following a national public consultation, the Government announced a range of proposed measures to modernise and reshape the Network and put it on a more stable footing for the future. A copy of the Government’s response to the national public consultation (“the Response Document”) can be obtained at [www.dti.gov.uk/consultations/page36024.html](http://www.dti.gov.uk/consultations/page36024.html).

Post Office Ltd has now put in place a Network Change Programme (“the Programme”) to implement the measures proposed by the Government. The Programme will involve the compulsory compensated closure (subject to EU State Aid clearance) of up to 2,500 Post Office<sup>®</sup> branches (out of a current Network of 14,300 branches), with the introduction of about 500 service points known as “Outreaches” to mitigate the impact of the proposed closures. Subject to EU State Aid clearance, compensation will be paid to those subpostmasters whose branches are compulsorily closed under the Programme.

To support the necessary changes to the Network and put it on a more stable footing and to support the reshaped Network of the future, the Government has proposed an investment of up to £1.7bn as a funding package. This funding package is subject to State Aid clearance by the European Commission.

The majority of Post Office<sup>®</sup> branches - more than 80% - will not change as a result of the Programme. Post Office Ltd is seeking to implement those changes that do take place as efficiently and sensitively as possible.

One of the key ways in which Post Office Ltd will make sure that people continue to have the best possible access to Post Office<sup>®</sup> services is by applying the minimum access criteria prescribed by the Government in the Response Document:

Nationally:

- 99% of the UK population to be within 3 miles and 90% of the population to be within 1 mile of their nearest Post Office<sup>®</sup> branch.
- 99% of the total population in deprived urban<sup>1</sup> areas across the UK to be within 1 mile of their nearest Post Office<sup>®</sup> branch.
- 95% of the total urban<sup>2</sup> population across the UK to be within 1 mile of their nearest Post Office<sup>®</sup> branch.
- 95% of the total rural<sup>3</sup> population across the UK to be within 3 miles of their nearest Post Office<sup>®</sup> branch.

---

<sup>1</sup> Deprived urban – The most disadvantaged urban parts of the UK based on the Indices of Multiple Deprivation (top 15% Super Output Areas in England, 15% of Data Zones in Scotland and 30% of Super Output Areas in Wales and Northern Ireland).

<sup>2</sup> Urban – A community with 10,000 or more inhabitants in a continuous built up area.

<sup>3</sup> Rural – A community not covered by the definition of Urban above.

In addition, for each individual postcode district:

- 95% of the population of the postcode district to be within 6 miles of their nearest Post Office<sup>®</sup> branch.

Changes to the Network can only take place within the prescribed access criteria.

In order to deliver the changes set out in the Response Document, Post Office Ltd has divided the UK into 47 areas ("Areas"). For each of these Areas Post Office Ltd will develop a local area plan proposal ("Area Plan Proposal") which will set out the changes that it proposes to make within it. The Area Plan Proposal for Leicestershire, Northamptonshire and Rutland has been developed and in this booklet you will find information on the changes proposed for Leicestershire, Northamptonshire and Rutland. Full details of the Area Plan Proposal for Leicestershire, Northamptonshire and Rutland are available on our website [www.postoffice.co.uk/networkchange](http://www.postoffice.co.uk/networkchange) or by contacting us at the address given below.

When developing the Area Plan Proposal for Leicestershire, Northamptonshire and Rutland, Post Office Ltd analysed a number of factors. These included the proximity of the Post Office<sup>®</sup> branches proposed for closure to other nearby branches, the number of customers currently using a particular Post Office<sup>®</sup> branch, the size and ability of nearby branches to absorb extra customers, and the commercial implications of any decision for Post Office Ltd.

Post Office Ltd has also taken into account obstacles such as rivers, mountains and valleys, motorways and sea crossings to islands in order to avoid undue hardship to customers. In addition, the availability of public transport, alternative access to key Post Office<sup>®</sup> services (such as cash withdrawals, bill payments, mail services), local demographics and the impact on local economies have all been considered. Post Office Ltd has sought information from a number of external organisations and people, including subpostmasters, local authorities and regional development agencies to assist with this process.

Postwatch, the independent consumer watchdog for postal services, has worked with us in assessing the options for change during the period leading up to the publication of the Area Plan Proposal. Post Office Ltd has also engaged with other stakeholders, including relevant MPs.

### **Local Public Consultation**

Each Area Plan Proposal is subject to local public consultation to ensure that the views of local people are taken into account before any final decisions are made by Post Office Ltd.

The local public consultation on the Area Plan Proposal for Leicestershire, Northamptonshire and Rutland will commence on 20<sup>th</sup> November 2007.

Normally, the local public consultation will last for a period of six weeks. Exceptionally in this instance we have extended public consultation by 10 calendar days to allow for the holiday period over Christmas and New Year. Therefore, the closing date for feedback is 10<sup>th</sup> January 2008. Please send your views and comments in writing regarding access to future Post Office<sup>®</sup> services in this Area to the address detailed below (payment of postage is not required to a Freepost address). Please note that your comments will not be kept confidential unless you expressly ask us to do so by clearly marking them 'In Confidence'.

## 2. The Area Plan Proposal for Leicestershire, Northamptonshire and Rutland

Post Office Ltd is acutely aware of the concerns that changes – including closures – affecting Post Office® branches in the Leicestershire, Northamptonshire and Rutland area will cause. In fulfilling the Government's requirement to reduce the overall size of the Post Office® network ("the Network") – and to do so in a way which creates similar results across the UK as a whole, and ensures that no group of inhabitants at an area level is overall significantly more adversely affected than any other – we are proposing to retain a total of 318 Post Office® branches across the region, but to close 52 existing branches, as well as establish 7 outreach service points which would use innovative ways to continue to provide Post Office services in some areas where the existing branch is proposed for closure.

If these proposed changes take place, Post Office Ltd will remain the largest retailer by network size in the county, and will still have more branches open than the number of branches of major banks and building societies combined. More than 99.2% of the population will see no change to the branch that they currently use or will remain within one mile of an alternative outlet.

At present the area's 1.55 million residents are served by a total of 370 branches. Usage of Post Office® branches is falling, in line with national trends, as more customers access services at other places, make more use of the internet and have their Government benefits paid directly into bank accounts.

This Area Plan Proposal supports achievement of the national accessibility criteria set by the Government, forms part of an overall reduction in the number of branches by up to 2,500 across the UK and does not disproportionately affect the inhabitants of the area relative to other parts of the UK.

In addition to meeting these criteria, when preparing this Area Plan Proposal Post Office Ltd has considered factors relating to geography, the availability of local transport and alternative access to key Post Office® services, local demographics and the impact on local economies. All branches where changes are proposed have been visited by members of Post Office Ltd's staff to make sure that local factors that needed to be considered in developing an Area Plan Proposal have been assessed first hand.

Leicestershire, Northamptonshire and Rutland communities are diverse in nature – from densely populated urban areas in and around Leicester and Northampton to the predominantly rural districts of South Northamptonshire, and East Northamptonshire and the County of Rutland. 45% of the population live in rural communities and 55% in urban towns and cities. In order to meet the Government's access criteria and avoid undue hardship, Post Office Ltd is proposing a future Network in the region comprising 126 branches in urban towns and cities and 192 branches in rural areas.

The needs of those living in communities defined as deprived have been carefully considered in this Area Plan Proposal, reflecting the specific national criteria set by the Government to give greater safeguards on the accessibility of branches in these communities. Some 8% of the region's total population live in deprived communities, 94% of them in urban areas and 6% in rural areas. This proposal of future Network provision in Leicestershire, Northamptonshire and Rutland provides for 18 branches being solely located in deprived communities.

Post Office Ltd has engaged with various stakeholders when preparing this Area Plan Proposal. We have consulted with the independent consumer watchdog on postal services, Postwatch, and have asked all local authorities within the Leicestershire, Northamptonshire and Rutland area to provide information and views relevant to the factors which we are able to consider. Our aim throughout has been to minimise the impact, as far as possible, on our customers and to produce the most effective overall proposal for the future.

In our conversations with stakeholders we have been made aware of regeneration plans covering the period to 2021 which affect areas within the overall proposal, and we have taken these into consideration when constructing the Area Plan. These include submissions from Corby Borough Council and Leicester City Council. Our proposed Network for the Leicestershire, Northamptonshire and Rutland area takes account of the locations affected by these and other schemes, their likely implementation timescales, and has regard to the needs of the communities affected by these changes. We will keep provision under review should demand increase beyond anticipated levels in the future.

Corby Borough Council and Leicester City Council have also advised us of their future plans for work on, and investment in, a number of road schemes and transport services. The input that we have received regarding public transport provision does not suggest any proposed reduction in current provision which could leave branches significantly less accessible for particular communities, or make it more difficult for customers to access alternative branches than at present.

In finalising the Area Plan Proposal all branches were carefully considered against the Government's minimum access criteria which Post Office Ltd must meet, and has had regard to the other factors that we must consider. More than 9% of the initial Area Plan Proposal has been changed as those factors were reviewed and as information from stakeholders was considered and assessed.

Future service provision:

The Area Plan Proposal envisages a Post Office® Network of 318 branches in the Leicestershire, Northamptonshire and Rutland area, which ensures that Post Office Ltd would comply with the minimum access criteria set by the Government. For 92.2% of customers this would mean no change to the Post Office® branch that they currently use.

The network now proposed for Leicestershire, Northamptonshire and Rutland continues to offer better access to services than that of any similar organisation, while accepting the Government's decision to reduce overall branch numbers. Subject to the Government's overriding criteria, we have considered geography, transport provision, demographics and local economic impact where appropriate. We are pleased to maintain 65 branches that support the only essential retailer in their community and 125 that provide the only access to cash in a particular community.

The Area Plan Proposal includes provision of Post Office services through innovative outreach solutions in 7 locations. In each instance the outreach solution would be located within the same community as an existing Post Office branch and provide Post Office services for a designated number of hours per week. Possible types of outreach service in the Leicestershire, Northamptonshire and Rutland area could include a mobile service visiting small communities at set times, a hosted service operated within third party premises for restricted hours each week or a partner service within the premises of a local partner (such as a pub landlord).

Outreach services are proposed in some rural areas within the Corby; Loughborough; Rutland and Melton, constituencies.

Post Office Ltd understands the importance of its role in both urban and rural communities and is keen to continue to provide access to services for as many customers in as many of these communities as possible. We have also considered the relative convenience of alternative branches for those customers whose closest branch is proposed for closure.

Of the 7.8% of customers who use a branch that will close, 7% would have access to Post Office® services within one mile as measured by road distance (2% being within half a mile of their nearest alternative). In total 99.2% of the population will either see no change, or will be within one mile of an alternative branch.

Next steps....

During the local public consultation we will seek views on the proposed future service provision in the region as outlined in this Area Plan Proposal.

Subject to the conclusion of the local public consultation period and after consideration of feedback received, no changes would be implemented before March 2008

Post Office Ltd is at a crucial point. Customer numbers are falling, customer habits are changing and many of our traditional services are available elsewhere. It is essential that the changes, which include a reduction in the number of branches, are made if the Network is to have a sustainable future. We therefore welcome your views and comments regarding access to future Post Office® services in this area. In particular we ask for your views on accessibility to the nearest Post Office® branch.

3.

# postwatch

## **The consumer watchdog**

Postwatch is the independent watchdog for postal services, created by the Postal Services Act 2000. Postwatch is working with Post Office Ltd and local communities throughout the programme to help secure the best possible outcome for customers.

## **What Postwatch will do**

Postwatch operates through nine regional and national committees across the UK. Postwatch's role during the programme – prescribed by government - is to scrutinise Post Office Ltd's proposals and give feedback, ensure local consultations are meaningful, and that Post Office Ltd's decisions are sensible and in line with government criteria.

Each Postwatch regional office investigates Post Office Ltd's closure proposals. Postwatch receives area plans in advance of public consultation, allowing the time to examine proposals, and Post Office Ltd the chance to refine their proposals before going to public consultation.

Once public consultation is underway, Postwatch works to raise awareness of local consultations, and encourage participation. Postwatch will also work to ensure the minimum access criteria set out by the government are maintained.

Where Postwatch thinks proposals are unsatisfactory, they will work with local communities and Post Office Ltd to address these problems. There is an agreed review mechanism between Postwatch and Post Office Ltd for such instances. It is important to note that Postwatch does not have a power of veto on Post Office Ltd's decisions.

## **Further information**

Postwatch and Post Office Ltd have agreed a Memorandum of Understanding, which sets out in detail the role Postwatch will play in the Programme. This is available on the Postwatch website at [www.postwatch.co.uk](http://www.postwatch.co.uk).

#### 4. Proposed Outreach Service Points

Outreach service is an innovative way to continue to provide Post Office® services in some areas where we may need to close a Post Office® branch. The outreach service will be located within the same community as the current Post Office® branch and provide Post Office® services for a designated number of hours per week.

There are four possible types of outreach service:

The Mobile Service is a travelling Post Office® situated within a van operated by the core subpostmaster or his assistants that will visit small communities at set times and days each week to deliver certain Post Office® products and services to customers.

The Hosted Service is a fixed site Post Office® branch from which the core subpostmaster or his assistants transact certain Post Office® products and services during restricted hours each week. The premises are owned by a third party, for example, a shop or community centre.

The Partner Service is a fixed site Post Office® where a local partner (such as a pub landlord), appointed by the core subpostmaster, transacts certain Post Office® products and services from the partner's own premises during the opening hours of the partner's business.

The Home Service is a service for very small communities whereby the core subpostmaster delivers a reduced range of Post Office® products and services which are ordered over the telephone by customers. The products may either be delivered to the customer's home or at a local drop-in session. There will not be a physical Post Office® building in the community.

For each of these services an established subpostmaster (known as the "core" subpostmaster) will travel into a nearby community to provide a local Post Office® service; in addition to running their own Post Office® branch.

Over the past 18 months, 70 Outreach access points have been trialled. These services have been provided by 28 core branches, and this also draws on our experience of successfully operating over 250 'satellite' branches since 2000

Post Office Ltd is proposing to introduce a number of Outreach service points as part of this Area Plan and is actively working to develop suitable proposals for the branches proposed for replacement Outreach services detailed within this booklet.

We would therefore like to seek views from our customers and their representatives on the hosted outreach services proposed for Somerby and Tilton-on-the-Hill and in the communities of Barnwell, Buckminster, Clopton, Old Dalby and Wymeswold we are seeking feedback as to which of the current Outreach models they think would be appropriate and would welcome any suggestions regarding suitable locations within the local community.

**Leicestershire, Northamptonshire and Rutland area - Post Office branches proposed for Hosted outreach services**

**Post Office® Somerby branch  
High Street, Somerby, Melton Mowbray, LE14 2PZ**

Post Office Ltd is proposing to close Somerby Post Office® branch on a permanent basis and to mitigate the impact of the proposed closure we propose to put in place a Hosted Service. The proposed Hosted Service would be operated from the existing location, offering the same range of services and facilities for 8 hours each week; opening times to be confirmed following the outcome of the Local Public Consultation.

**Post Office services can also be accessed at the following branches in the area:**

<b>Oakham branch</b> Market Place Oakham LE15 6DX	<b>Valley Road branch</b> 52-54 Valley Road Melton Mowbray LE13 0DX	<b>Thorpe Satchville branch</b> 17 Main Street Thorpe Satchville Melton Mowbray LE14 2DQ
--	--	--

**Post Office® Tilton-on-the-Hill branch  
Leicester Road, Tilton-on-the-Hill, Leicester, LE7 9DB**

Post Office Ltd is proposing to close Tilton-on-the-Hill Post Office® branch on a permanent basis and to mitigate the impact of the proposed closure we propose to put in place a Hosted Service. The proposed Hosted Service would be operated from the existing location, offering the same range of services and facilities for 10 hours each week; opening times to be confirmed following the outcome of the Local Public Consultation.

**Post Office services can also be accessed at the following branches in the area:**

<b>Billesdon branch</b> 7 Church Street Leicester LE7 9AE	<b>Houghton-on-the-Hill branch</b> 6 St Catherines Way Houghton-on-the-Hill Leicester LE7 9HE	<b>Thorpe Satchville branch</b> 17 Main Street Thorpe Satchville Melton Mowbray LE14 2DQ
