

APPENDIX B

BUS MONITORING AND OCCUPANCY

Bus journey times between 0700 and 0930 were recorded for the section of the bus route that would be directly relieved by the presence of the bus lane, along the inbound A6 between Brabazon Road and Granville Avenue, along with corresponding bus occupancy figures. Baseline figures were generated in June 2007, and post-implementation figures in June 2010.

Ave. bus journey times (s)				Ave. occupancy (persons/bus)	Average total journey time saving (person seconds/bus)
2007	2010	Time saving		2007	Based on 2007 occupancy
64	36	28	44%	14	392

It was also recorded that average bus occupancy in 2010 was 20 persons/bus, a 6 person increase over 2007.
