APPENDIX F

Capital Budget - main variances

The significant variances are:

Department	Reasons	£000
Department CYPS – Charnwood New Area Special School CYPS – School Accommodation Programme	Delayed start due to planning objections. Planning permission and section 77 application have now been agreed and work on site started in November 2012; the anticipated completion date is February 2014 with opening planned for Easter 2014. Six schemes from this block allocation have incurred slippage to 2013/14: • Enderby Danemill Primary School (£0.2m) – planning delays due to objections to the loss of a swimming pool • Market Harborough Ridgeway Primary School (£0.4m) – planning delays due to a change in scope of the scheme from one classroom to three • Loughborough Outwoods Edge Primary School (£0.1m) – delays due to the discovery of an underground tank which has required a build over agreement with Severn Trent. • Braunstone Ravenhurst Primary (£0.3m) has been delayed due to the discovery of a sewage pipe which means that only the investigation costs will be charged to 12/13. • Ullesthorpe Primary (£0.2m) – phase 2 refurbishment cannot start until phase 1 is completed which was scheduled for February half term, however there has been	£000 -1,695 -1,729
	completed which was scheduled for	
CYPS – School Accommodation Programme	Overall across the programme an underspend of £0.1m is reported. This has arisen due to minor underspends on a numbers of schemes. It is proposed to carry forward this funding to 2013/14 to fund school accommodation (£56,000) and strategic capital maintenance projects (£52,000).	-108
CYPS – Early Years Capital Grant	New capital funding awarded in late November 2012 to grow capacity at nurseries for free 2 year places. Due to the late notification the	-698

funding will now slip into 2013/14. This funding is not ring fenced or time constrained. CYPS - Development of SEN Provision The business case for the ASD / Aspergers School did not support the development of this provision. A SEN Task and Finish group has been set up to make strategic plans for future SEN provision. The available funding of £0.4m will be slipped until their recommendations are available. Braunstone Autism Intensive Outreach Resource Centre underspend of £0.1m expenditure charges against Aiming High for Disabled Children Capital Grant to utilise the funding. CYPS – Short Breaks for Disabled Children The available grant was announced by the DfE late in December 2012. Two rounds of bids for specialist equipment and minor building works have been returned, however demand has not been strong. Schemes will be agreed and completed before 31 August 2013 per the grant terms and conditions. CYPS – Birstall Longslade All Weather Pitch The Football Foundation grant application, made by Longslade College, has now been approved. LCC is making contributions of £50,000 from PTT and £0.135m Section 106 receipts totalling £0.185m. These contributions will slip into 2013/14 as other time limited sources of funding are being drawn down first. The scheme has been delayed pending sign-off of the lease agreement. E&T – Transportation – Loughborough Town Centre Major Works E&T – Transport Asset Management (TAM) block - Bridges E&T – Transportation – Loughborough Town Centre Major Works E&T – Transportation – Loughborough Town Centre Major Works E&T – Transportation – Loughborough Town Centre Major Works E&T – Transportation – Loughborough Town Centre Major Works E&T – Transportation – Loughborough Town Centre Major Works E&T – Transportation – Loughborough Town Centre Major Works Cohema approval on 14th March 2013. A delay of 2 to 3 months was incurred. E&T – Transportation – Loughborough Town Centre Major March 2013. A delay of 2 to 3 months was incurred. Department	Reasons	£000
	in the area; Active & Sustainable Travel (£0.4m)	
	includes reductions to fees from efficiencies in	
	an area based approach to works, slippage	
	across various small schemes and various small	
	individual scheme underspends. It is proposed	
	to carry this funding forward to continue works	
	under this programme heading.	
E&T – Transportation	Planned works to improve traffic flow on and	-420
Major Works	around the Asda, A5460/B4114 Roundabout	
, ,	has been delayed due to development work in	
	the area. The work will now take place in	
	2013/14.	
E&T – Transportation	The Street Lighting Column Replacement	-400
- Maintenance	budget is forecast to slip by £0.39m. In addition	
maintenance	the Street Lighting Part Night Lighting/ switch off	
	project is forecast to slip by £0.25m and road	
	networks by £0.13m. This is offset by	
	acceleration of £0.37m on the Highway	
	Maintenance programme.	
E&T – Vehicle	Delays due to the need to review and challenge	-335
replacement	the need for vehicles and consider alternatives,	
Topiacoment	where appropriate, taking into account future	
	levels of service across different activities, rather	
	than like for like replacement.	
E&T – Transportation	Work on the future Major Schemes and LTP	-261
Advance Design	Monitoring has slipped due to staff time being	-201
Future Major	spent on the Loughborough Town Centre	
Schemes & LTP	Scheme, and the re-organisation of the strategy	
Monitoring.	client role within the Department.	
E&T – Waste –	Slippage has arisen due to a planning	-1,286
Whetstone Bulking /	requirement from the Environment Agency. A	-1,200
Transfer Station and	redesign of the site was considered and	
RHWS	approved at a Planning meeting on 22	
KIWS	November. This has caused an estimated two	
	month delay and a revised start date of	
	February 2013 and completion date of	
	September 2013.	
E&T – Waste –	Slippage has arisen on the construction of the	-300
Loughborough	Transfer Station due to the need to reconstruct	-300
Transfer Station	the bridge into the site. The bridge needed	
Transier Station	replacing and was prioritised before work on the	
	transfer station could begin. A new bridge was	
	constructed between October and December	
	2012. Construction of the Transfer Station is	
	scheduled to be completed by the end of 2013.	
A&C – Snibston	The main contractor entered into administration	-169
Discovery Park,	in January 2013, resulting in slippage in the	-109
refurbishment of	12/13 programme. Work has since resumed in	
Monument	2013/14 with the appointment of a new	
MOHUMENT		

Department	Reasons	£000
	contractor.	
Corporate Resources – former Fire HQ	Purchase of the former Fire HQ is now forecast to be in late 2013, in line with the vacation of the building. This will be followed by refurbishment of the building.	-1,945
Corporate Resources – Lastolite Premises	Scheme is no longer required due to the tenant searching for other premises.	-540
Corporate Resources – Car Park Extension	Delayed start to the car park extension has resulted in a slippage, full cost should be incurred in first 3 months of 2013/14.	-344
Corporate Resources – Aston Firs Travellers Site	Adverse weather conditions early in 2012/13 have caused a delay to the scheme which will complete in June 2013.	-309
Corporate Resources – ICT Citizen Self Service	Delays in agreeing a specification and how the service will be implemented has meant rescheduling of the work.	-177
Corporate Resources - replacement accommodation	Delay while options are being reviewed for the planned replacement of the bungalow at Catherine Dalley House.	-150
Corporate Resources – Air conditioning	Slippage due to adverse weather conditions in March delayed the completion of the works. The work was stopped and resumed in April. The scheme was finished middle of May 2013.	-135
Chief Executives – Rural Economic Growth and Services Programme	Slippage has occurred due to adverse weather conditions during October to December, mainly due to flooding. The programme has been fully committed.	-100
