## 1. Introduction

As the Police and Crime Commissioner for Leicestershire, I have some very specific responsibilities which include the following:

- Assuring an effective and efficient Police Service.
- Writing the Police and Crime Plan ('the Plan'), ensuring that it continues to reflect the aspirations and concerns of local people; I am charged with holding the Chief Constable to account in its delivery.
- And, lastly, setting the local precept which is the local tax to help fund the Police.

But there is another, absolutely key, part of my role which is to help the Chief Constable and other partners to drive down crime and anti-social behaviour by fulfilling my statutory duty to commission services in support of the Plan. Actually, I aim to commission 'outcomes' – an aspiration that demonstrates my determination to achieve value for taxpayers' hard-earned money as we continue to develop our commissioning processes.

This Commissioning Framework for the period 2015/17 is directly aligned to the Plan, with each commissioning intention being demonstrably linked to one or more strategic priority. It has been produced in consultation with a wide range of partner organisations, and local communities, who have helped to define not only the commissioning intentions but also the ways in which the desired outcomes will be purchased. I am very grateful to those partners for their inputs, and I look forward to a continued close working relationship with each and every one of them.

This important work will play its own part in our joint contribution towards driving down crime thereby increasing the safety of the residents of Leicester, Leicestershire and Rutland.

## **2. Background**

- 2.1 The Police and Crime Commissioner (PCC) for Leicestershire is responsible for setting the strategic direction for policing in Leicester, Leicestershire and Rutland (LLR) through the Police and Crime Plan. The Plan covers the whole of the PCC's period in office from 1 April 2013 to 31 March 2017. The Chief Constable is responsible for the operational delivery of policing, including the Strategic Policing Requirement. The PCC is responsible for understanding and supporting the dynamic relationship between policing and local partner activity in support of the strategic priorities in the [Police and Crime Plan](#).
- 2.2 The priorities set out in the Plan inform the PCC's decisions as to what funding is made available to the police and partners to secure reductions in crime and disorder. The PCC must identify opportunities for reducing crime, enabling communities to feel and be safer, protecting people who find themselves in a vulnerable situation and ensuring that victims and witnesses of crime and anti-social behaviour are positively supported.
- 2.3 The Police and Crime Plan was revised and re-published in October 2013. The Plan outlines four key themes (please refer to section 5.1) and a number of strategic priorities (Appendix A), which provide a clear direction for allocating the available budget to maximum effect. This Commissioning Framework sets out how the PCC intends to align the commissioning budget with those key themes and strategic priorities.

## **3. Commissioning Budget**

- 3.1 The total commissioning budget for 2015/16 is currently an estimated £4.2m. The sections below detail proposals of the estimated allocations across a number of commissioning intentions (CIs). Due to the uncertainty about future funding, it is not possible to be precise about the size of the commissioning budget beyond 2015/16. However, it is the PCC's ambition, as a minimum, to maintain the size of the budget if overall funding allows and positive results from commissioning are demonstrated.
- 3.3 Many of the ways in which the commissioning intentions will be delivered in 2015/17 have already been determined, subject to satisfactory performance and the availability of funding. These are summarised together with details of the funding still available in Appendix B.

## **4. "Commissioning Outcomes"**

- 4.1 The PCC has made it clear that outcomes and not services will be commissioned. With this in mind, this commissioning framework has been created which, as it is used and developed, will ensure future commissioning decisions are focused on the achievement of clearly defined outcomes.
- 4.2 It is recognised that partners may have difficulties in identifying and measuring the impact of their proposed initiative(s) on the outcomes within the Police and Crime Plan. The Commissioning Framework has been designed to

be an operational tool that strives to keep performance measurement processes as simple as possible.

- 4.3 It will be the PCC's responsibility, through staff within the office of the Police and Crime Commissioner (OPCC), to monitor progress for each commissioned activity against the proposed outcomes. A range of performance management systems will be used to do this. The OPCC will continue to work with partners and providers to develop performance indicators and measures that can be easily managed and reported on.

## **5. Commissioning Framework**

- 5.1 The Commissioning Framework is based upon the four themes, and strategic priorities, within the Police and Crime Plan. The themes (within the Police and Crime Plan) are:

- 1) Reducing offending and re-offending (RO)
- 2) Supporting victims and witnesses (VW)
- 3) Making communities and neighbourhoods safer (MCN)
- 4) Protecting the vulnerable (PV)

- 5.2 The Commissioning Framework provides a clear and consistent way forward for the commissioning of each theme. It outlines how the PCC will commission for outcomes to achieve the priorities set out in the Police and Crime Plan. Four different types of funding mechanism have been developed. These are the ways in which the PCC will purchase the intervention needed to deliver outcomes. Information about the indicative commissioning values from April 2015 onwards is included.

- 5.3 A range of performance measures across all themes and outcomes have been developed and are being used to support contract tender specifications and final approved contracts. The performance management options continue to be developed with partners as measures and indicators are introduced and tested. The performance indicators are used by the OPCC to select the best measure(s) for the interventions they wish to purchase. The OPCC will continue to work with providers and partners to develop meaningful measures that can reliably evidence that progress is being made across all areas.

## **6. Funding Mechanisms**

- 6.1 The PCC has considered the ways in which the initiatives needed to achieve the outcomes in the Police and Crime Plan can be delivered. The following principles have been considered:

- The existing commissioning arrangements of partners should be used where they are fit for purpose and can deliver the PCC's outcomes within time. This will maximise local commissioning expertise.

- There should be a focus on value for money, maximising resources and ensuring the impact of the money spent is measured and the value is assessed.
- Commissioning should take place at regional, sub regional (i.e. Leicester, Leicestershire and Rutland) and locality levels. Systems should be fit for purpose and work with existing structures where these are operating well.
- Best practice in relation to procurement will be applied. The PCC expects all procurement processes to follow best practice and be accessible for any provider, including the voluntary sector, unless a single provider dispensation has been agreed (please refer to 6.2a below). All relevant regulations and legislation will also apply including the Equalities Act 2010 which includes the Public Sector Equality Duty.

6.2 There are four funding mechanisms as follows:

- a) **Direct commissioning** – the PCC has/ will directly tender or contract with a provider. There are a number of areas where it is more efficient for the PCC to commission directly in order to achieve the desired outcomes. There are some instances where a single provider dispensation will be applied. This relates to situations when there is only one provider who, given the nature of the outcomes to be commissioned, can be considered and contracted with directly. Examples include the Local Resilience Forum, Troubled/Supported Families Programmes and Crimestoppers.
- b) **Co-commissioning** – existing commissioners are already commissioning outcomes on behalf of the PCC under contracts. There are a number of both established and emerging commissioning structures which take on all or some of the core commissioning tasks. These include:
  - Reducing Reoffending Board
  - Sub Regional Substance Misuse Commissioning Board (managed by Leicester City Council)
  - NHS England
- c) **Partnership Locality Fund (PLF)** – via the Community Safety Partnerships (CSP) who have a unique role in assessing, analysing, and responding to local need around crime and community safety. As such they have both a proactive strategic function and a reactive tactical function when assessing the threats to individual localities.

In order to benefit from the existing structures and systems in place, the PCC will make a financial contribution towards the delivery of each Community Safety Partnership Delivery Plan. CSPs will be required to provide a copy of their 2015/16 Plan, together with a budget breakdown and performance framework. Meetings will then be held with each CSP to discuss their plan and clarify any issues. Funding will not be provided for any activity/service that duplicates existing provision in the locality.

Timescales for agreeing the PLF will be determined by the CSPs as it is recognised that each CSP produces its Plan at a different time of year. However, all meetings in relation to 2015/16 funding will need to be held by the end of February 2015 at the latest. Funding for 2016/17 can be provisionally agreed at the same time (subject to the documentation indicated above being available). However, it should be noted that 2016/17 PLF funding will be subject to the PCC's overall budget.

An indicative £900k is available over 2 years which will be allocated using the Vulnerable Localities Index (VLI). Further details of this methodology are available at <https://www.ucl.ac.uk/jdibrief/analysis/Vulnerable-Localities-Index>

	<b>2015/16</b>	<b>2016/17 (estimated)</b>

- d) **The PCC Grant** - inviting community and voluntary sector organisations to submit applications to support the achievement of specific commissioning intentions and related outcomes in identified hotspot locations (see Appendix C).

Funding opportunities will be based on the threat and risk identified in Leicestershire Police's Strategic Assessment which will be cross referenced to those commissioning intentions which are not addressed through other PCC funding streams.

An indicative £500k is available over 2 years. Applications for up to £25k per annum, or up to £50,000 match funding per annum, will be considered. In exceptional circumstances, applications for up to 2 years of funding may be

approved subject to clear evidence of achieving the required outcomes.
